November 13, 2014

To whom it may concern,

On behalf of myself, my spouse, and several concerned neighbors, I would like to make a first request for a continuance of the hearing scheduled for November 18, 2014, for case number PC2014-20(A) and case number PC2014-21(R).

Area neighbors and I would like time to review copies of the proposed amendments. We would like to become more educated on the issues so that we fully understand what our rights as citizens are and how this will impact our lives before coming to the hearing. Work schedules and other time constraints make it difficult to do this by the scheduled date. We would like the hearing to be rescheduled on December 16, 2014 if possible.

Thank you,
