Subject: Opposition to Case Number ZB2015-01

Mr. Getchell,

My name is Belinda Williams and my husband is Jeff Williams. We live at 20 South Hougham Street in Franklin. We recently received information on Cases ZB2015-01 (UV&V) Lambda Chi Alpha-Kappa Gamma Zeta.

We are planning on attending the meeting on Wednesday, February 4th, to voice our opposition to the variance being considered. The below bullet points are some of the reasons for our opposition:

- Turning a single family residents into a Fraternity House
- The location of a Fraternity House sitting on the main corner of the proposed Gateway entrance to the city would be a detractor to the vision of the city
- The decrease of the property values in the area
- The decrease of parking availability within the area (We are the only home in the neighborhood that does not have any off street parking. This is an issue for us already)
- The two homes adjacent to the property that have small children
- The increase amount of public disturbances

Thank you for your time.

Jeff and Belinda Williams
