

Memorandum

To: City of Franklin Economic Development Commission
From: Krista Linke, Community Development Director
Date: April 24, 2015
Re: Case C 2015-27: Mitsubishi Heavy Industries Climate Control, Inc.

Summary:

1. On March 18th, 2013, the Franklin Common Council passed Resolution No. 2013-10, approving a 7-year tax abatement with a 5% economic development fee on personal property for Mitsubishi, located at 1200 N. Mitsubishi Parkway.
2. Actual and estimated benefits, as projected for 2014:

	Estimated on SB-1	Actual in 2014	Difference
Employees Retained	219	219	0
Salaries	\$8,431,675	\$9,532,862	\$1,101,187
New Employees	3	0	-3
Salaries	\$96,158	\$0	-\$96,158
Total Employees	222	219	-3
Total Salaries	\$8,527,833	\$9,532,862	\$1,005,029
Average Hourly Salaries	\$18.47	\$20.93	\$2.46
Personal Property Improvements	\$1,851,351	\$1,193,030	-\$658,321

3. The company estimated on their original application that they would add one employee in the 4th quarter of 2013 and 2 employees in 2014. They had six open jobs at the end of 2013. If those were filled their total jobs would have been 225 at the end of 2013 instead of 219.
4. Their total number of employees at the end of 2014 was 219 again. They did have 13 job openings at the end of 2014. Once those are filled they will exceed the estimated number of employees on their SB-1 Form.
5. The average hourly salaries continue to be higher than originally estimated.
6. The two new scroll finishing machines cost less to purchase than estimated on their SB-1 Form for personal property. They have been purchased and this number will remain the same over the length of the abatement.
7. The personal property tax abatement for Mitsubishi is scheduled to expire in tax year 2019 payable 2020. The final compliance review will take place in 2020.

RE: Annual Tax Abatement Compliance - Common Council Resolution 13-10

Dear Economic Development Commission Members:

Mitsubishi Heavy Industries Climate Control, Inc. (MCC) requested and was granted tax abatement (Common Council Resolution 13-10) by the City of Franklin on \$1,851,351.00 for personal property (six scroll finishing machines) to be purchased and installed during the third quarter 2013. This equipment was installed and operational during the third quarter 2013 (see Company Investment Timetable chart). However, the actual value of the six machines is \$1,193,030.00. The tax abatement is to start with 2013 taxes payable 2014.

The investment in these six machines was necessary to maintain production levels of scrolls to manufacture car air conditioning compressors for a new global contract that MCC was awarded with a major U S automobile manufacturer. With this investment we will be able to maintain the 219 jobs we listed on Form SB-1 dated 3/1/2013 and add the 3 jobs that we listed during 2013 (1) and 2014 (2). The 2014 year-end total of employees on the payroll was 212, however we had thirteen (13) open jobs that, when filled, will bring the total to 225. This is three more than the 222 projected on the SB-1.

We ended 2014 with 212 employees on the payroll and thirteen (13) open jobs. We filled four (4) of those jobs during January 2015 and eight (8) more during February 2015 for a current total of 224 associates increasing annual payroll from \$9,388,043.00 listed on CF-1/PP form to \$9,737,483.00.

We would like to thank the City of Franklin for continued support in approving our tax abatement compliance requests for previous projects and we respectfully request that the City of Franklin will continue to look favorably on our growth activities and grant this 2015 compliance request relative to Common Council Resolution 13-10 for the abatement on taxes for 2014 payable 2015.

Respectfully,

Bob Francis
General Manager Administration
Mitsubishi Heavy Industries Climate Control, Inc.
