Re: Case C 2018-39: NSK Corporation

Summary:

1. On July 15th, 2013, the Franklin Common Council passed Resolution No. 2013-20, approving a 10-year tax abatement with a 5% economic development fee on personal property for NSK Corporation located at 3400 Bearing Drive.

2. Actual and estimated benefits, as projected for 2017:

	Estimated on SB-1	Actual in 2017	Difference
Employees Retained	18	18	0
Salaries	\$576,000	\$576,000	\$0
New Employees	240	228	-12
Salaries	\$16,074,000	\$16,028,285	-\$45,715
Total Employees	258	246	-12
Total Salaries	\$16,650,000	\$16,604,285	-\$45,715
Average Hourly Salaries	\$31.03	\$32.45	\$1.42
Personal Property Improvements	\$20,000,000	\$9,485,767	-\$10,514,233

- 3. The company indicated on their original application that \$5,500,000 in equipment would be purchased in 2013; \$6,000,000 in 2014; \$6,800,000 in 2015; and \$1,500,000 in 2016. The company reported that they exceeded their estimate provided on the SB-1 Form for personal property investment in 2013. They reported that they spent \$5,727,496 in 2013. However, after further clarification, the total spent in 2013 and 2014 combined was actually \$4,330,819. The company is still considerably behind schedule for investment, though they reported investment of another \$1,912,707 in 2015. NSK did not meet their \$20 million capital expenditure target due to a number of factors including business lost and considerable currency fluctuations between the US dollar and the Japanese Yen. The personal property improvement shortfall is \$11,424,866. In 2017 NSK came to the EDC to amend their SB-1, and the EDC determined not to set a precedent for such action. It was determined that this abatement would go through the compliance process each year as is.
- 4. In 2015 they are down nine employees from the estimate; however, the hourly wage has increased by \$2.45 per hour. In 2016 the number of employees is 3 less than the SB-1 estimate; however, the average hourly salary is \$3.86 higher than estimated. In 2017 the total number of employees was 12 less than estimated, and the total salaries were under the estimate. The average hourly salary is over the SB-1 estimate.

Re: 2018 Tax Abatement Compliance Packet for NSK Corporation

Dear Ms. Linke:

Please find enclosed Form CF-1/PP (Compliance with Statement of Benefits) regarding compliance with the personal property tax abatements granted to NSK Corporation in 2010 and 2013, under Franklin Common Council Resolution numbers 13-02 (formerly 10-19), 13-20 and 16-19.

NSK has been successful in making all of the capital investments and creating the full complement of jobs projected under Resolution number 13-02.

Per our supporting documentation, previous conversations, and previous years' compliance packet letters regarding Resolution 13-20, we did not meet our original capital expenditure target of \$20m. We had a substantially smaller investment, some of which was due to business we did not win, and some of which was canceled due to changes in business plans at global headquarters as a result of the lost business and significant currency fluctuations between the US dollar and the Japanese Yen. Our headcount is currently slightly under the estimate on our SB-1 filing, but we would like to draw increased attention to the fact that our salary amount is very close to the original estimates.

In regards to our project for Resolution 16-19, NSK is in process in making all of the capital investments and creating the full complement of jobs projected under Resolution number 16-19. We hope to accomplish this during 2018.

Please contact me at (734) 913-7597 if you have any questions or concerns during your review of the enclosed documents.

Thank you,

Amy Miller Tax Manager
