Re: The Bluffs at Youngs Creek, Section 1

Dear Mr. Smith:

We were requested to work with you in regards to the proposed waiver for stormwater discharge across your property as it pertains to the The Bluffs at Youngs Creek, Section 1 development. As presented at the Plan Commission meeting on June 18, 2019, the proposed project will decrease the existing area from this site draining to the existing culvert under Nineveh Road by almost half of what is going to this discharge point today. We had further discussions on this waiver directly after the end of the Plan Commission meeting so that I could further explain the need for the waiver and to address any questions that you might have. On June 20, 2019 you left me a voicemail stating that you and your wife had further discussions and had decided that you had no further questions and that you had no further objections to the proposed waiver that was presented.

If you agree with the above statements can you please sign below and return it to my attention so that we can present this to the next Plan Commission meeting?
