Re: Tax Abatement Compliance for Shelby Gravel, Inc.

Dear Mrs. Monson:

Enclosed please find form CF-1 (Compliance with Statement of Benefits) regarding compliance with the real and personal property tax abatements which were granted to Shelby Gravel, Inc. in 2020 under Franklin Common Council Resolution Numbers 20-17 and 20-18.

As can be seen from reviewing the enclosed documents, our company has not yet started the investment in the new facility. We are currently putting our different phases of work out for bid and still believe our anticipated start date of March 1, 2021 will hold firm with budgetary numbers very close to what was presented in the SB-1 that was proposed on November 16, 2020.

Please review all of the enclosed documents, and if you have any questions or concerns regarding this matter, please feel free to contact me as set out below.

Attachement to Form CF-1 Comments Concerning Investment and Job Creation or Retention Schedules

Shelby Materials still feels that our anticipated construction start date of March 1, 2021 will hold firm and that the budget estimates provided in the Form SB-1 are correct. To date, our progress payments on the fabrication of our new ready mix plant total \$2,370,678.

Shelby Materials did terminate two employees in November 2020 causing the number of active employees to decrease by two versus what was originally stated on the Form SB-1. These were routine terminations and with the seasonality of our business picking up each Spring, we will be hiring new employees soon and still anticipate reaching our net three additional employees by the time we are fully operational in early Winter 2021.
