Re: Case PC 2021-35 (A) & PC 2021-36 (R): Oakleaf Farms II Annexation & Rezoning

REQUEST:

Case PC 2021-35 (A) & PC 2021-36 (R)...Oakleaf Farms II Annexation and Rezoning. A request by Oakleaf Farms, LLC to annex and rezone 42.43 acres from Agriculture (A) to Industrial: Light (IL). The property is located on the east side of CR 600 E and south of SR 44 and is located in the City of Franklin Extraterritorial Jurisdiction.

ADJACENT PROPERTIES:

Surrounding Zoning:	Surrounding Land Use:
Surrounding Adming.	Surrounding Land Use.

North: IL North: Agriculture

South: A South: Agriculture & Single-family residence

East: A East: Agriculture

West: A West: Umbarger Show Feeds & Agriculture

CURRENT ZONING:

The "A", Agricultural zoning district is intended to provide locations for agricultural operations and related land uses. This district is further intended to reduce conflicts between residential and agricultural areas with the viability of agricultural operations, and limit development in areas with minimal infrastructure. This district should be used to protect agricultural operations from land uses that are incompatible with the available infrastructure.

PROPOSED ZONING:

The "IL", Industrial: Light zoning district is intended to provide locations for light production, assembly, warehousing, research & development facilities, and similar uses. This district is intended to accommodate only industrial uses that are completely contained within structures and do not involve the outdoor storage of materials or the release of potential environmental pollutants. This district should be used to support industrial retention and expansion in Franklin.

CONSIDERATIONS:

1. Oakleaf Farms, LLC is requesting that 42.43 acres be annexed and rezoned to IL (Industrial: Light), for the future development of an industrial subdivision.

- 2. Indiana Code requirements (IC 36-4-3-5) for voluntary annexation are:
 - 1. Consent of 51% of the property owners or owners of 75% of the total assessed value of the land for property tax purposes.
 - 2. At least one-eighth (1/8 or 12.5%) of the aggregate external boundary of the proposed annexation area must be contiguous with the existing city limits. A strip of land less than one hundred fifty (150) feet wide is not considered contiguous. (IC 36-4-3-1.5)
- 3. The proposed annexation area is 25% contiguous to the City of Franklin and 100% of the property owners are parties to the petition.
- 4. The proposed annexation is located within the Needham Fire Protection District (est. 3-19-90 by Ord. 1990-5). IC 36-4-3-7 outlines the effectiveness of an annexation within a fire protection district. Effective date of annexation would be the second January 1 that follows the date the ordinance is adopted.

If the property is not located within a Fire Protection District, the annexation can take effect 30 days following the adoption of the ordinance by the City Council.

The petitioner has requested that the property be removed from the Needham Fire Protection District and is coordinating this process with the Needham Fire Protection District and Johnson County Commissioners.

- 5. Electric is available on the west side of CR 600 E and a sanitary sewer extension project is currently under construction west of the subject property.
- 6. The petitioner has offered the following commitments related to the rezoning petition (PC 2021-36 (R): Oakleaf Farms II Rezoning):
 - 1. Lighting. All exterior lighting shall be of a design that directs the light downward and to the area or façade being illuminated.
 - 2. East/South Yards. Structures, parking areas or drives shall not be located within the first one hundred feet (100') of the east and south boundary lines of the Real Estate. The 100' yard area off of the east boundary line shall be planted with a minimum of fifty (50) trees, such trees being native to Indiana and on the list of trees approved by the landscaping regulations for the City of Franklin.
 - 3. Berm/Additional Tree Planting. Within the front yard setback area along CR 600 E and upon development of the Real Estate for industrial purposes, the Owner shall construct a berm undulating from three feet (3') to five feet (5') in height, such heights shall serve as a minimum, not a maximum. The slope of this berm shall be a minimum of four to one (4:1) and be constructed of topsoil. In addition to the number of street trees required by the ordinance, an additional tree shall be planted in the front yard as measured off of the CR 600 E right of way, as required per ordinance, for every eighty feet (80') of frontage along CR 600 E.
 - 4. Fenceline Trees. Existing fenceline trees along the east and south boundaries of the Real Estate shall be preserved by the Owner, except where removal is necessary in order to allow installation of needed utilities or drainage ways or facilities.
 - 5. These COMMITMENTS shall run with the land, be binding on the Owner of the abovedescribed real estate, subsequent owners of the above-described Real Estate, and other persons acquiring an interest therein. These COMMITMENTS may be modified or

terminated by a decision of the City of Franklin Plan Commission made at a public hearing after proper notice has been given.

- 7. The Technical Review Committee reviewed the petitions at their August 26, 2021 meeting.
- 8. The property would need to go through the Primary Plat, Secondary Plat/Construction Plan and Site Development Plan review processes prior to development.
- 9. The 2013 Franklin Comprehensive Plan, Land Use Plan, identifies this area as Agricultural. "Agriculture areas are generally located outside the current city limits in Franklin's extended zoning jurisdiction. Existing agriculture areas within the city limits are prime locations for new development, consistent with the future land use plan map. Agricultural areas are intended to include traditional farming uses, in addition to agricultural products storage and distribution facilities (such as commercial grain elevators), stables, natural preserves, agricultural research facilities, and other animal husbandry and food production related activities."
- 10. The 2013 Comprehensive Plan, Land Use Plan indicates the current inventory of industrial land may not be adequate, and goes on to state that "more (industrial) land is needed to accommodate a variety of employer sites."
- 11. The 2013 Comprehensive Plan, Land Use Plan also discusses the importance of maintaining an adequate inventory of available industrial land. "The land does not have to be completely developed, but should at least be zoned appropriately to protect it from competing uses."
- 12. The 2013 Comprehensive Plan set five Land Use Goals; Land Use Goal 4 is as follows: "Ensure that Franklin has an adequate supply of appropriately located industrial land ready for development."

PC 2021-35 (A): OAKLEAF FARMS II ANNEXATION

PLAN COMMISSION ACTION - ANNEXATION:

Plan Commission action (either favorable, unfavorable, or no recommendation) is a recommendation to the City Council, which takes action on the annexation petition.

STAFF RECOMMENDATION – ANNEXATION:

Staff recommends a favorable recommendation be forwarded to the City Council.

PC 2021-36 (R): OAKLEAF FARMS II REZONING

CRITERIA FOR DECISIONS – REZONING:

In taking action on rezoning requests, the Plan Commission shall pay reasonable regard to the decision criteria outlined in Article 11.6 (I) of the City of Franklin Zoning Ordinance.

1. Comprehensive Plan: The City of Franklin Comprehensive Plan and any other applicable, adopted planning studies or reports.

Staff Finding:

Staff finds that the request to rezone the property to IL is consistent with the Comprehensive Plan as the IL zoning district allows for lot sizes to vary from 1 acre in size to greater, which allows for the development of a more diverse nature of industrial uses and to allow lot sizes to exceed 5 acres.

2. Current Conditions: The current conditions and the character of current structures and uses in each district.

Staff Finding:

Property located immediately to the north of the subject property is currently zoned IL and was recently annexed and rezoned to IL for the future development of an industrial park. Umbarger Show Feeds is located immediately to the west and was recently constructed.

3. Desired Use: The most desirable use for which the land in each district is adapted.

Staff Finding:

The property is immediately adjacent to other industrial zoned property. In addition, the property's immediate access to State Road 44 and proximity to I-65 provides excellent access to a regional transportation route.

4. Property Values: The conservation of property values throughout the City of Franklin's planning jurisdiction.

Staff Finding:

The rezoning request should not negatively affect the property values in the area; however, the development of the property could increase the property values as additional industrial services are provided.

5. Responsible Growth: Responsible growth and development.

Staff Finding:

The proposed rezoning to IL allows the petitioner to provide sites that allow for large lots for the development of a variety of industrial uses.

PLAN COMMISSION ACTION - REZONING:

In the rezoning process, the Plan Commission has the authority to review the provisions of the Comprehensive Plan and the Zoning Ordinance. Plan Commission action (either favorable, unfavorable, or no recommendation) is a recommendation to the City Council, which takes action on the rezoning petition.

STAFF RECOMMENDATION - REZONING:

Based on the criteria for decisions above, staff recommends a Favorable Recommendation be forwarded to the Franklin City Council rezoning the 42.43 acres to IL (Industrial: Light) with the following commitments:

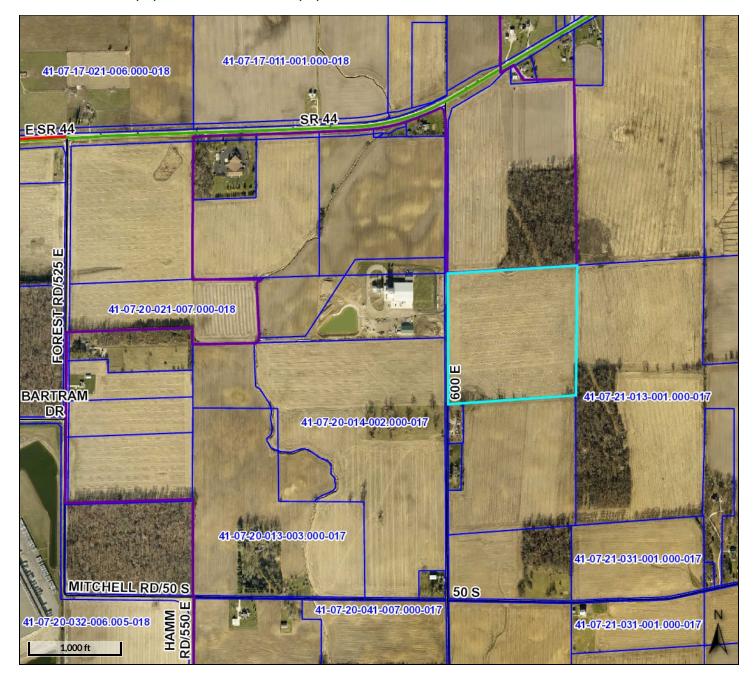

- 1. <u>Lighting</u>. All exterior lighting shall be of a design that directs the light downward and to the area or façade being illuminated.
- 2. East/South Yards. Structures, parking areas or drives shall not be located within the first one hundred feet (100') of the east and south boundary lines of the Real Estate. The 100' yard area off of the east boundary line shall be planted with a minimum of fifty (50) trees, such trees being native to Indiana and on the list of trees approved by the landscaping regulations for the City of Franklin.
- 3. Berm/Additional Tree Planting. Within the front yard setback area along CR 600 E and upon development of the Real Estate for industrial purposes, the Owner shall construct a

berm undulating from three feet (3') to five feet (5') in height, such heights shall serve as a minimum, not a maximum. The slope of this berm shall be a minimum of four to one (4:1) and be constructed of topsoil. In addition to the number of street trees required by the ordinance, an additional tree shall be planted in the front yard as measured off of the CR 600 E right of way, as required per ordinance, for every eighty feet (80') of frontage along CR 600 E.

- 4. Fenceline Trees. Existing fenceline trees along the east and south boundaries of the Real Estate shall be preserved by the Owner, except where removal is necessary in order to allow installation of needed utilities or drainage ways or facilities.
- 5. These COMMITMENTS shall run with the land, be binding on the Owner of the abovedescribed real estate, subsequent owners of the above-described Real Estate, and other persons acquiring an interest therein. These COMMITMENTS may be modified or terminated by a decision of the City of Franklin Plan Commission made at a public hearing after proper notice has been given.
