Re: Case EDC 2023-04— Laugle Properties and Dualtech RE and PP

Case EDC 2023-04 – Laugle Properties and Dualtech: A request for a 10-year tax abatement on \$4,403,000 in real property investment and a 10-year tax abatement for \$5,267,635 in personal property investment as part of expansion of their facility. The company is moving to a larger, new building and adding new equipment.

Location: 2035 Earlywood Drive, Franklin, IN. 46131 41-08-02-022-022.000-009

Summary:

1. Characteristics of this location:

This location is part of the Patriot Defense Park, with Patriot Products building the facility on the west side of the property adjacent to the railroad tracks, a second facility built to the east of this for Jack Laugle, and this third building under request locating south of the second facility. The total acreage is 20 for the Laugle portion.

2. <u>Characteristics of this petitioner:</u> See the full description provided in the application, which is attached.

3. Characteristics of this project:

Laugle Properties will be building a 70,000 sf facility for DualTech, which has outgrown their current location on Blue Chip Drive in Franklin. Dualtech will be making the new equipment investment. A full detail of the project is provided in the application.

4. Economic Revitalization Area (ERA):

The property is not located in a current ERA, so one will have to be established.

5. ERA and Tax Abatements Findings (Real Property):

Indiana Code Section 6-1.1-12.1-3 states that the following findings must be made when considering an ERA designation and the granting of a tax abatement for real property:

- a. Whether the estimate of the value of the development or rehabilitation is reasonable for projects of that nature;
- Whether the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed redevelopment or rehabilitation;
- c. Whether the estimate of annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed redevelopment or rehabilitation;
- d. Whether any other benefits about which information was requested are benefits that can be reasonably expected to result from the proposed redevelopment or rehabilitation; and
- e. Whether the totality of the benefits is sufficient to justify the tax abatement.

6. ERA and Tax Abatements Findings (Personal Property):

Indiana Code Section 6-1.1-12.1-4.5 states that the following findings must be made when considering an ERA designation and the granting of tax abatement for personal property:

- a. Whether the estimate of the cost of new manufacturing equipment is reasonable for equipment of that type;
- b. Whether the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the instillation of new manufacturing equipment;
- c. Whether the estimate of annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the installation of the new manufacturing equipment;
- d. Whether any other benefits about which information was requested are benefits that can be reasonably expected to result from the installation of the new manufacturing equipment; and
- e. Whether the totality of the benefits is sufficient to justify the tax abatement.

EDC Case # 2023-04 Page 2

7. City of Franklin "Tax Abatement Policy" criteria:

The "Tax Abatement Policy" section of the *City of Franklin Community Investment Incentives*Summary states that the Economic Development Commission shall use certain criteria when considering a request for tax abatement. A comparison of those criteria and this request follows:

- a. *Diversification of Local Occupations*: This project will retain a current Franklin company and the jobs that are located at the current plant. While this does not increase the diversification, it does maintain the current level of diverse jobs in the city.
- b. Diversification of Local Employment: The project will add 11 new jobs as well as retain the current number of 50 employees. This location will also enable the company to increase production which could positively impact the number of new jobs at a later date.
- c. Increase in Local Salaries: The average wage for all industries in Johnson County for 2023 was \$21.75. The average hourly wage in Johnson County for Low/moderate wage is \$14.85 per hour. Dualtech will pay an average of \$26.50 per hour, above the county average wage.
- d. Sustainable Land Use: This project conforms with the intended use of this property.
- e. Future Community Investment: The applicant should share with the EDC their plans for future community investment. The company is not willing to participate in the economic development fee program.
- f. Conformance with the Comprehensive Plan: The Comprehensive Plan Future Land Use Plan identifies this property as Industrial General. Industrial General zoning permits the following uses: Industrial Uses agricultural products terminal dry cleaners (commercial) food & beverage production general industrial production light industrial assembly & distribution light industrial processing and distribution power generation facility (commercial) research and development facility truck freight terminal warehouse & distribution facility

The intended use conforms with the comprehensive plan.

8. <u>Tax Abatement Duration:</u>

The City of Franklin Community Investment Incentives Summary provides that longer periods of abatement on real and personal property may be considered for requests of an exceptional nature. The Summary states that development examples of an exceptional nature include projects which:

- a. Create a new plant or product line for an existing manufacturer;
- b. Creates substantial employment opportunities with higher than average wages;
- c. Increase substantially property values and the city tax base with minimal impact to city services (police & fire protection, schools, utilities, infrastructure, etc.); and
- d. Utilize existing public infrastructure (sanitary & storm sewer, roads & streets, drainage facilities, and other utilities).

EDC Case # 2023-04 Page 3

9. Requested Effective Year:

The petitioner has requested that, if approved, the tax abatement be for the first year taxes are assessed at an increased assessment rate.

Staff Comments:

The Mayor's Office has indicated they are supportive of a tax abatement of 7 years for real and a tax abatement of 5 years for personal property for this project based on the investment amount and the retention of a current Franklin employer.

Tax Abatement Application – continuation

Brief Description of the Project

Jack and Sandy Laugle are the shareholders of Innovative Casting Technologies, Inc. ("ICT") which was formed in 1998. ICT's principal office has always been in Franklin. ICT produces cope and drag tooling, core boxes, patterns, and models. ICT is a supplier of machined components to some of the world's largest companies. In the past, ICT shipped the molds that it manufactured to another manufacturer/foundry outside of Franklin for casting.

Dualtech, Inc., ("Dualtech") was incorporated in 2002. It was created to operate a new foundry and cast ICT's metal parts. Jack and Sandy Laugle are its shareholders. Its principal office has always been in Franklin. Dualtech's facility features a testing lab with a Brinell tester, spectrometer, micro structures and tensile tester, and a classroom overlooking the casting operation.

Laugle Properties, LLC was formed in 2006. Jack and Sandy Laugle are its members. Laugle Properties, LLC owns and leases real estate to ICT and Dualtech. Laugle owns Lots 1, 2, 5, 6, 7, and 8 in Blue Chip Industrial Park. An aerial map of these lots is attached as **Exhibit A** with the lots owned by Laugle Properties, LLC highlighted in yellow. Laugle Properties, LLC also owns the 8.932-acre parcel south of Blue Chip Industrial Park commonly known as 1200 Earlywood Drive. ICT recently expanded into the building on 1200 Earlywood Drive.

Like ICT, Dualtech's business has experienced significant growth, and the company needs another facility for another foundry. Therefore, Laugle Properties, LLC and Dualtech are engaged in this expansion project for which they seek real property and personal property tax abatements. Laugle Properties, LLC will invest approximately \$4,403,000.00 to construct a new facility that is more than 70,000 square feet in size on property located on the south side of Earlywood Drive. A map showing the new site is attached as **Exhibit B**. The new building will house a new foundry and machine equipment, along with 3,500 square feet of office space. Dualtech will invest approximately \$5,267,635.00 for the most up to date foundry equipment in the nation.

Dualtech currently employs fifty (50) employees. It expects to hire an additional eleven (11) employees as a result of this expansion project. Hiring is expected to begin at the end of 2023, so that Dualtech can train the new employees in its current facility. The new employees will then move to the new facility.

Please explain why the abatement incentive is necessary to the project:

The project will take approximately two (2) years to complete and become operational. Laugle Properties, LLC plans to begin construction on the building in August of 2023. The building should be completed by the end of March 2024. Installation of the new foundry and other equipment should begin in April 2024 with an estimated completion date of November 2024. With the significant investment in the building (estimated at \$4,403,000.00), the investment in the new, modern, equipment (estimated at \$5,267,635.00), and the hiring and training of new employees, it will take several years before the expansion project generates a profit.

During these lean early years after the building is constructed and the new equipment is installed, the tax abatement will allow Dualtech to continue operating on a strong financial footing.

Laugle Properties, LLC real estate tax burden is indirectly passed to its tenant, Dualtech. As Dualtech gradually starts generating profit at the new facility, its share of property taxes will gradually increase over the abatement period.

Laugle Properties, LLC and Dualtech each request an abatement over ten (10) years based upon the following abatement schedule:

| 100% |
|------|
| 95% |
| 80% |
| 65% |
| 50% |
| 40% |
| 30% |
| 20% |
| 10% |
| 5% |
| |

The tax savings will allow Laugle Properties, LLC and Dualtech to recoup a portion of the investments that will be made in 2023 and 2024 over the ten (10) year abatement period. The abatement for real estate taxes and personal property taxes should begin the first year that taxes are assessed with the increased assessment that result from the project.

Laugle Properties, LLC has developed various parcels of real estate in Franklin for ICT and Dualtech. Dualtech has made significant investments in equipment for its facilities. The tax abatement will facilitate further investments in Franklin. Past investments that have been made by Laugle Properties, LLC, ICT, and Dualtech without tax abatements include the following:

- In 2004- 2006, Laugle Properties, LLC expanded the building on Lot 1 by 4,500 square feet.
- In 2006, a 3,000 square foot addition was added to the building on Lot 2.
- In 2013, Dualtech purchased a sand reclamation system for \$635,000.00.
- In 2016, Laugle Properties, LLC expanded the building on Lot 8 by 2,000 square feet at a cost of about \$190,000.00.
- In 2018, a 7,680 square foot addition to the building on Lot 1 was completed at a cost of almost \$488,000.00. As part of the 2018 expansion project, Lot 1 was combined with Lot 2 in April 2018.
- During the 2018 expansion for the second foundry, Dualtech purchased \$3.5 million in equipment for the foundry on Lot 1.
- In 2018, Dualtech purchased a heat treat system for \$400,000.00.

- In 2020, after ICT expanded into the building at 1200 Earlywood Drive, \$3.5 million was spent to rehabilitate the building. ICT spent \$1.4 million to purchase equipment in 2021 and \$1.4 million for equipment purchased in 2022.
- Laugle Properties, LLC purchased the subject 20.19 acre site located at 2035 Earlywood Drive in August 2022. It constructed a storage building that cost approximately \$1.7 million. No tax abatement was requested for this storage building. The new facility for Dualtech which is the subject of this tax abatement will be located on the same 20.19 acre site.
- In 2022, Dualtech purchased a box furnace for \$500,000.00.

The tax abatements that are the subject of the current request are necessary to provide needed relief after these recent investments by Laugle Properties, LLC and Dualtech. Dualtech has met demand for its foundry in the past by expanding and purchasing equipment. Fortunately demand continues to grow. Laugle Properties, LLC, and Dualtech need the real property and personal property tax abatements to continue with this next phase of expansion.

Laugle and Dualtech have proven that investment in their community creates growth and employment opportunities. Just ten (10) years ago, Dualtech had twenty-three (23) employees. The number of employees has doubled. Dualtech expects to hire another eleven (11) employees. The requested tax abatements will allow Laugle Properties, LLC to not only construct the needed facility and Dualtech to purchase the additional equipment, but they will enable Dualtech to hire the additional employees it needs to fulfil its customer's needs.

Have you ever received tax abatement at your current location? If yes, when and for what term?

Yes.

Lot 1 Blue Chip Industrial Park (formerly 450 Blue Chip Court now 400 Blue Chip Drive)
Resolution 01-01 dated January 22, 2001 and Resolution 01-04 dated February 12, 2001 were passed granting a ten (10) year real estate tax abatement to Jack and Sandy Laugle for 450 Blue Chip Court (Lot 1 in Blue Chip Industrial Park). A 7,524 square foot building was constructed.

Laugle Properties, LLC leased the building to ICT. ICT needed to expand its building facilities. ICT moved its operations from another location in Franklin to the building on Lot 1.

In 2010, ICT moved its operations to 451 Blue Chip Court. After this move, the building on Lot 1 has been used as a warehouse for ICT.

Lot 2 Blue Chip Industrial Park (400 Blue Chip Court)

Resolution 02-02 dated March 25, 2002 and Resolution 02-03 dated April 8, 2002 were passed granting Jack and Sandy Laugle and Dan and Robin Perritt a ten (10) year real estate tax abatement on real property for Lot 2 of Blue Chip Industrial Park. A 9,000 square foot building was constructed. Laugle Properties, LLC is the current owner of Lot 2.

Resolution 02-04 dated March 25, 2002 and Resolution 02-05 dated April 8, 2002 were passed granting Jack and Sandy Laugle and Dan and Robin Perritt a ten (10) year tax abatement for personal property for the equipment located on Lot 2 of Blue Chip Industrial Park. After the Council granted the tax abatement, the parties formed Dualtech to own the personal property.

Resolution 08-07 dated April 28, 2008 was passed granting Jack and Sandra Laugle a ten (10) year tax abatement on Lot 2 so that the fire-damaged building could be rehabilitated/renovated. The 12,000 square foot facility was rehabilitated/repaired for use as a warehouse.

Lot 6 Blue Chip Industrial Park (351 Blue Chip Court)

On February 3, 2008, a fire at Dualtech's former location on Lot 2 destroyed all of Dualtech's equipment and damaged the building where it conducted business. Tax abatements were granted so that Dualtech could continue its business.

Resolution 08-06 dated April 28, 2008 was passed granting Laugle Properties, LLC a ten (10) year tax abatement on real property for Lot 6, so that Dualtech could relocate its business from the fire-damaged building on Lot 2 to a new building on Lot 6. A new 20,000 square foot manufacturing facility was constructed for the tenant, Dualtech.

Resolution 08-03 dated April 28, 2008 was passed granting Dualtech a seven (7) year tax abatement on personal property. Dualtech purchased new manufacturing and research and development equipment after the fire in order to stay in business. The new equipment was installed in the new building constructed on Lot 6.

Lots 7 and 8 Blue Chip Industrial Park (401 and 451 Blue Chip Court)

Resolution 05-14 dated May 23, 2005 was passed granting McWilliams Realty, LLC a ten (10) year tax abatement on real property for Lots 7 and 8. A new 17,500 square foot building was to be constructed. The building was constructed in 2006. The first year of the abatement would have been for taxes assessed March 1, 2006 pay 2007.

On November 18, 2009, Laugle Properties, LLC purchased 451 Blue Chip Court from McWilliams Realty, LLC and applied for the deduction tax abatement. ICT moved its operations to 451 Blue Chip in early 2010. As the new owner of the real estate, Laugle Properties, LLC claimed the deduction for the remaining period of the abatement that McWilliams Realty, LLC had requested, pursuant to I.C. 6-1.1-12.1-5(g).

What specifically has the company done to give back to the community?

Laugle Properties, LLC is an Indiana limited liability company with Jack and Sandy Laugle as its members. Dualtech is an s-corporation with Jack and Sandy Laugle as its shareholders. The income of these entities flows through to Jack and Sandy Laugle.

Jack and Sandy Laugle support many organizations in the community, including the Johnson County Hospital Foundation. They have supported food pantries, Kic-It, Franklin and Clark-Pleasant Community schools, police department, fire department, and many youth sports teams. They are establishing a family endowment fund through the Johnson County Community Foundation.

Instead of paying the voluntary economic development fee, Laugle Properties, LLC and Dualtech prefer that Jack and Sandy Laugle continue to contribute directly to the organizations in the community as they have in the past.

Economic Revitalization Designation

The project is located in an area that should be designated as an economic revitalization area under I.C. 6-1.1-12.1-1(1). It is within Franklin's corporate limits and it has become undesirable for, or impossible of, normal development and occupancy because of a lack of development.

The proposed project is located in an allocation area, Earlywood Drive-Patriot Products/Laugle Allocation Area.

On November 1, 2021, the Common Council designated the property located at 2165 Earlywood Drive, an economic revitalization area for OrthoAmerica & PRJ Property Group (EDC 2021-09). That property is just east of the subject property.

Pursuant to I.C. 6-1.1-12.1-3(b), the following statutory findings are satisfied by Laugle Properties, LLC's request for a tax abatement on real property:

- (1) Whether the estimate of the value of the redevelopment or rehabilitation, or new agricultural improvement is reasonable for projects of that nature.
- (2) Whether the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed described redevelopment or rehabilitation, or new agricultural improvement.
- (3) Whether the estimate of the annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed described redevelopment or rehabilitation, or new agricultural improvement.
- (4) Whether any other benefits about which information was requested are benefits that can be reasonably expected to result from the proposed described redevelopment or rehabilitation, or new agricultural improvement.
- (5) Whether the totality of benefits is sufficient to justify the deduction.

Pursuant to I.C. 6-1.1-12.1-4.5, the following statutory findings are satisfied by Dualtech's request for a tax abatement on the new manufacturing equipment:

(1) Whether the estimate of the cost of the new manufacturing equipment, new farm equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment is reasonable for equipment of that type.

(2) With respect to:

- new manufacturing equipment not used to dispose of solid waste or hazardous waste by converting the solid waste or hazardous waste into energy or other useful products; and
- new farm equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment;

whether the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the installation of the new manufacturing equipment, new farm equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

- (3) Whether the estimate of the annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed installation of new manufacturing equipment, new farm equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.
- (4) With respect to new manufacturing equipment used to dispose of solid waste or hazardous waste by converting the solid waste or hazardous waste into energy or other useful products, whether the estimate of the amount of solid waste or hazardous waste that will be converted into energy or other useful products can be reasonably expected to result from the installation of the new manufacturing equipment.
- (5) Whether any other benefits about which information was requested are benefits that can be reasonably expected to result from the proposed installation of new manufacturing equipment, new farm equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.
- (6) Whether the totality of benefits is sufficient to justify the deduction.

STATEMENT OF BENEFITS **REAL ESTATE IMPROVEMENTS**

State Form 51767 (R7 / 1-21)

Prescribed by the Department of Local Government Finance

This statement is being completed for real property that qualifies under the following Indiana Code (check one box):

Any information concerning the cost of the property and specific salaries ☑ Redevelopment or rehabilitation of real estate improvements (IC 6-1.1-12.1-4) paid to individual employees by the

20 24 PAY 20 25

FORM SB-1 / Real Property

PRIVACY NOTICE

property owner is confidential per IC 6-1.1-12.1-5.1. Residentially distressed area (IC 6-1.1-12.1-4.1) INSTRUCTIONS: 1. This statement must be submitted to the body designating the Economic Revitalization Area prior to the public hearing if the designating body requires information from the applicant in making its decision about whether to designate an Economic Revitalization Area. Otherwise, this statement must be

submitted to the designating body BEFORE the redevelopment or rehabilitation of real property for which the person wishes to claim a deduction. The statement of benefits form must be submitted to the designating body and the area designated an economic revitalization area before the initiation of the redevelopment or rehabilitation for which the person desires to claim a deduction.

To obtain a deduction, a Form 322/RE must be filed with the county auditor before May 10 in the year in which the addition to assessed valuation is made or not later than thirty (30) days after the assessment notice is mailed to the property owner if it was mailed after April 10. A property owner who failed to file a deduction application within the prescribed deadline may file an application between January 1 and May 10 of a subsequent year.

4. A property owner who files for the deduction must provide the county auditor and designating body with a Form CF-1/Real Property. The Form CF-1/Real Property should be attached to the Form 322/RE when the deduction is first claimed and then updated annually for each year the deduction is applicable. IC 6-1.1-12.1-5.1(b)

5. For a Form SB-1/Real Property that is approved after June 30, 2013, the designating body is required to establish an abatement schedule for each deduction allowed. For a Form SB-1/Real Property that is approved prior to July 1, 2013, the abatement schedule approved by the designating body remains in effect. IC 6-1.1-12.1-17

- * If the designating body limits the time period during which an area is an economic revitalization area, that limitation does not limit the length of time a taxpayer is entitled to receive a deduction to a number of years that is less than the number of years designated under IC 6-1.1-12.1-17.
 - A. For residentially distressed areas where the Form SB-1/Real Property was approved prior to July 1, 2013, the deductions established in IC 6-1.1-12.1-4.1 remain in effect. The deduction period may not exceed five (5) years. For a Form SB-1/Real Property that is approved after June 30, 2013, the designating body is required to establish an abatement schedule for each deduction allowed. Except as provided in IC 6-1.1-12.1-18, the deduction period may not exceed ten (10) years. (See IC 6-1.1-12.1-17 below.)
 - B. For the redevelopment or rehabilitation of real property where the Form SB-1/Real Property was approved prior to July 1, 2013, the abatement schedule approved by the designating body remains in effect. For a Form SB-1/Real Property that is approved after June 30, 2013, the designating body is required to establish an abatement schedule for each deduction allowed. (See IC 6-1.1-12.1-17 below.)

IC 6-1.1-12.1-17

Abatement schedules

Sec. 17. (a) A designating body may provide to a business that is established in or relocated to a revitalization area and that receives a deduction under section 4 or 4.5 of this chapter an abatement schedule based on the following factors:

- (1) The total amount of the taxpayer's investment in real and personal property.
- (2) The number of new full-time equivalent jobs created.
- (3) The average wage of the new employees compared to the state minimum wage.
- (4) The infrastructure requirements for the taxpayer's investment.
- (b) This subsection applies to a statement of benefits approved after June 30, 2013. A designating body shall establish an abatement schedule for each deduction allowed under this chapter. An abatement schedule must specify the percentage amount of the deduction for each year of the deduction. Except as provided in IC 6-1.1-12.1-18, an abatement schedule may not exceed ten (10) years.
- (c) An abatement schedule approved for a particular taxpayer before July 1, 2013, remains in effect until the abatement schedule expires under the terms of the resolution approving the taxpayer's statement of benefits.

JOB AND WAGE DESCRIPTION FOR TAX ABATEMENT APPLICATION

Please provide the following job and wage earning information that is associated with this Tax Abatement Petition (*Please specify all wages in an hourly format without benefits*):

- (1) Company NAICS code: 331511
- (2) The total number of jobs current at the site: <u>fifty (50)*</u>, the number of those jobs that will be retained as a direct result of the proposed investment <u>fifty (50)*</u>, and the number of new jobs which will be created as a direct result of the proposed investment: <u>eleven</u> (11).
- (3) The total number of full-time employees at the site: fifty (50)*
- (4) The total number of temporary and/or contract employees currently at the site: -0-
- (5) The average hourly wages for the new jobs: <u>Twenty-Seven Dollars (\$27.00)</u>
- (6) Will the new jobs being created begin as temporary and/or contract employees? <u>No</u>

 If yes, please provide an explanation of the typical transition process to full time:
- (7) Number of new and/or retained jobs in:

| (a) Managerial/Professional Specialty Occ.: | Average Hourly Wage: |
|---|--|
| (b) Technical/Sales/Admin. Support Occ.: | Average Hourly Wage: |
| (c) Service Occ.: | Average Hourly Wage: \$28 - \$30.00 |
| (d) Precision Production/Craft/Repair Occ.: | Average Hourly Wage: <u>\$26 - \$27.00</u> |
| (e) Operators/Fabricators/Laborers: | Average Hourly Wage: <u>\$26 - \$27.00</u> |
| | |

Note: The total number of jobs specified above should correspond with the Statement of Benefits Form SB-1.

- (8) Attach detailed information on the types of benefits offered for new employees. A description of all possible bonuses and incentives should also be given if provided.
 - Employees receive quarterly bonuses.
 - Dualtech matches four percent (4%) of employee contributions to 401(k).
 - Dualtech provides health insurance.

*Dualtech has fifty (50) employees at its current site which is located in Blue Chip Industrial Park, north of the proposed new facility to be constructed south of Earlywood Drive. The average hourly wage of these fifty (50) employees is Twenty-Six Dollars (\$26.00) per hour.

EMPLOYMENT PHASE-IN SCHEDULE JOB CREATION/RETENTION TIMETABLE (Dualtech, Inc.)

Dualtech, Inc., intends to retain all fifty (50) of its current employees. The table below reflects the job creation timetable and is based upon Year 1 being 2023. The employees in Year 1 will begin training in Dualtech's current facility and then move to the new facility when it is completed.

^{*} The building will be constructed by the owner of the real estate, Laugle Properties, LLC. The estimated start date is August 1, 2023 and the estimated completion date is March 31, 2024. With the assessment date being January 1, Laugle Properties, LLC does not know whether it will receive a Form 11 notifying it that the assessment has increased due to the partial completion of the building as of the January 1, 2024 assessment date.

After the new building is completed, Dualtech, Inc., will move in and conduct business at the new building.

Laugle Properties, LLC has filed an application for tax abatement concerning the real estate.

Dualtech, Inc., has filed an application for tax abatement concerning the equipment.

ENVIRONMENTAL, LAND USE AND PERMITTING COMPLIANCE AFFIDAVIT

I, Mason Laugle, on behalf of Laugle Properties, LLC, represent that, except to the extent that the City of Franklin has been given written notice of any environmental, chemical, or waste hazards or violations prior to the date of this affidavit, the petition and project plan of Laugle Properties, LLC, does not contemplate, contain, nor anticipate:

- (1) any violation(s) of City of Franklin Municipal codes and/or Ordinances;
- (2) any violation(s) of applicable zoning ordinances;
- (3) any violation of site plan review and/or building permit requirements;
- (4) any violation(s) of federal or state laws, including but not limited to OSHA and ADA, and all other regulations regarding safety, land use, and access;
- (5) any violation(s) of federal or state laws, including but not limited to the creation, maintenance, utilization, control, handling, existence, and/or disposal of hazardous waste, chemicals, conditions, equipment, materials, entities, or components as defined under federal and/or state law.

Further, Laugle Properties, LLC, states that the construction and operation of the proposed facility will in no way result in any discharges which will result in interruptions, inconsistencies, or failures in the operation of the Franklin Wastewater Treatment facility. The petitioner understands that the violation of any element of this affidavit may result in the revocation of any tax abatements or other economic incentives which may have been granted by the City of Franklin.
