Indiana Department of Homeland Security (IDHS)

James Culp
2017 Franklin Foundation Grant

I. Project Summary

The City of Franklin Fire Department will use the grant to replace non-professional based saws that are 12-15 years old. The grant seeks to purchase a Stihl T500i Cutquik K saw for \$1023.96 and two Stihl MS461R chainsaws with guard for \$1271.92 each and one spare rescue chain for \$267.20 for a total of \$3835.00. These items are needed for forcible entry/exit and ventilation on fire scene and other sundry uses. With new construction materials become stronger every year it is becoming necessary to purchase high quality rescue based equipment. These saws and various types of blades will allow the fire personnel to cut through all different types of materials. Not only are construction materials getting stronger but businesses are continually finding new ways to harden their facilities against theft. These new counter measures require the fire service to find new uses for equipment to gain access to buildings to facilitate rescues.

II. Applicant Information

Mentioned in a news article

Promote at meetings with handouts

Word of mouth

Other promotional methods

C. If you have never yet promoted the sale of the Secure Indiana license plate and you receive a grant, how will you promote it in the future?

V. Statement/Narrative Description of Project

The City of Franklin Fire Department is a small to medium size fire department that provides service to about 25000 residents as well as 8 out of ten fire departments in the county as automatic aid as a Truck Company and then also as mutual aid Engine companies. The department is asking for funding of \$3835 to facilitate the purchasing of rescue grade saws used for forcible entry/exit and ventilation. As new building materials become stronger and businesses harden their properties against theft, it becomes imperative to have newer high grade equipment to gain access to buildings to provide search and rescue opportunities. The saws will consist of 2 Stihl MS461R chainsaws with guard along with one spare chain and one Stihl T500i Cutquik K saw.

VI. Project Specifics

Number of Persons to Benefit from Project: The City of Franklin Fire Department serves a population of 25,000 residents which swell to around 41,000 during business hours during the week. The City of Franklin Fire Department is also an automatic aid on 8 of 10 county departments.

VII. Sustainability

The equipment will be operated and maintained according to the owners manual. The power equipment will be started and inspected on a daily basis. The department uses a manufacturer authorized repair facility.
