PROGRAM OVERVIEW

Introduction

The Indiana Department Homeland Security Fire and Public Safety Training Academy funding program supports public safety projects which are in alignment with IDHS's local and district needs, with a focus on ensuring first responder training and citizen safety.

The purpose of this notice is to provide:

- Formal grant guidance and application materials needed to apply for funding under the Indiana Fire and Public Safety Academy program (see **APPENDIX A: APPLICATION INFORMATION** for more information); and
- Administrative requirements that must be met in order to meet the specifications of state regulations.

Program Synopsis

The Indiana Fire and Public Safety Academy Training System, henceforth to be identified as the Academy, supports training and certification of Indiana's fire and emergency medical services communities. The Local Training Support Grant has been created to support training efforts in the state of Indiana.

Eligibility Criteria

Eligible applicants are public safety entities such as district fire training councils*, career fire departments, combination fire departments, volunteer fire departments, non-fire affiliated EMS agencies and vocational schools.

**District fire training councils should submit applications using their designated fiscal agent.*

If the funding will benefit more than one entity (i.e. multiple departments) each entity must be identified within the application in the summary section.

A collaborative proposal from a district fire training council or multiple agencies will be scored higher in the process.

Applicants should provide a strong summary of financial need and/or operational need. A strong project summary will include a clear and full description of the proposed project, justification of need, strategies to the identified issue, a projected or estimated number of persons to benefit from the project and an indication of how long it will take to see results from the proposed project. Include the anticipated number of students, participating organizations and materials.

As a part of the application process, applicants will be asked to provide personnel numbers for the department(s) and operation budget information.

FUNDING GUIDELINES

Priority Areas

Funds made available through the Local Training Grant program may only be used for support of training in the fire and emergency medical services communities.

Items Frequently Approved for Funding:

This list is not all-inclusive. A list of items with pricing guidelines for budget purposes is located in APPENDIX D: FUNDING GUIDELINES.

- Consumables;
- Books;
- Props;
- Equipment;
- Lead Instructor;
- Lead Evaluator;
- Prop Repairs.

Items Frequently Denied for Funding:

This list is not all-inclusive.

- Infrastructure improvements or repairs to training sites
- Backfill and overtime
- Travel

Budget

When completing the budget, please consider if the budget items requested are reasonable, necessary and allowable under the funding stream. Furthermore, please include sufficient justification to explain the necessity of each budgeted item. If any questions arise when completing the budget section of the application, please contact the Fire and Public Safety Training Academy at bclark@dhs.in.gov for clarification or technical assistance or your assigned Academy program manager.

APPLICATION EVALUATION

The applications will be reviewed by the Academy Project Committee. All applications submitted under this NOFO are scored by two separate committees to award funds. Makeup of these committees include personnel from the Academy, IDHS and membership from Indiana Fire Alliance.

The scoresheet utilized in the review process can be found in **APPENDIX E: SCORESHEET**.

Application submission does not guarantee funding.

AWARD NOTIFICATION

The Indiana Fire and Public Safety Academy financial officer will contact recipients via email when funding determinations have been finalized. If awarded funding, Local Training Support Grant recipients will receive an award letter including the following information:

- Recipient name
- Recipient award amount
- Recipient performance period

The award letter will provide any special terms and/or conditions that must be met or resolved prior to the budget being approved in iGMS.

Recipients may be asked to adjust their budgets as a special condition of the award. Budget modifications must be submitted through iGMS and approved before a grant agreement can be sent for signature through the e-contracting process.

Recipients must confirm acceptance of the Local Training Support Grant award. Directions for acceptance can be found within the award letter.

All funding decisions are final.

NOTE: IDHS must run clearance checks with the Department of Workforce Development, Department of Revenue and Indiana Secretary of State. If an applicant is not in good standing or has an outstanding issue with the state of Indiana, then the applicant cannot receive an award or go through the contracting process until these issues are addressed and made current. In the event IDHS finds that your entity does not pass a clearance check, IDHS will notify you and ask that you work with these agencies to correct the issue. IDHS cannot correct this issue for you.

REPORTING

Quarterly Program Reports

Reports are due quarterly for this program on the following dates:

Reporting Period	Report Due Date
July 1 – September 30	October 15
October 1 – December 31	January 15
January 1 – March 31	April 15
April 1 – June 30	July 15

Program reports are intended to update Indiana Fire and Public Safety Academy financial officer on the project status and to indicate if any guidance or assistance is needed to successfully complete the project. Program reports are required and should be submitted in a timely fashion. Incomplete, incorrect or late reports could impact the recipient's ability to receive future grant funding or receive reimbursement.

Closeout Reporting Requirements

IDHS Fire and Public Safety Training Academy staff will close out the grant award when all applicable administrative actions and all required work of the award have been completed by the sub-recipient.

Within 45 days of the end of the period of performance, recipients must submit a final program report detailing accomplishments throughout the period of performance and a qualitative summary outlining the impact of all the accomplishments grant funds supported. If the final program report omits activities, the report will be returned and additional information will need to be included in order to satisfy this requirement.

Funding obligations must be made prior to the end of the performance period listed in the grant agreement. All outstanding expenses must be paid and final requests for expenditures must be submitted within 45 days of the end of the period of performance.

Additionally, the sub-recipient must liquidate all obligations incurred under this award no later than 45 calendar days after the end date of the performance period of the performance. If a sub-recipient fails to liquidate their obligations within this time period, IDHS may disallow the costs associated with those unliquidated obligations. The sub-recipient must have updated the iGMS inventory module to include any equipment purchased with grant funds.

APPENDIX A: APPLICATION INFORMATION

Indiana Grants Management System

Previously, applicants were required to submit an Intent to Apply form to initiate an application within the Indiana Grants Management System (iGMS) located at <https://oas.dhs.in.gov/hs/main.do>. **This is no longer required.** Applicants with an active iGMS user account can log into iGMS and begin working on grant proposals without submitting an intent to apply form.

Applicants without an active account with iGMS must complete the following steps to obtain an iGMS user account:

1. Complete the New iGMS User form (can be found in **APPENDIX C**)
2. Return the completed New iGMS User form to Fire and Public Safety Training Academy at bclark@dhs.in.gov.
3. Enter "FY2021 Regional Public Safety: New iGMS user" into the subject line of the email

After applicants receive notification that an account has been established in iGMS, all contact information must be entered by clicking on the "Contact Info" tab. The "Contact Info" tab can be located at the top of the iGMS dashboard, to the left of the "Logout" tab and is in green font. **iGMS will not permit users to submit grant applications until user information has been entered within the "Contact Info" tab.**

Please contact the IDHS Fire and Public Safety Training Academy if an incorrect email address (or no email address) is visible within the "Contact Info" tab.

Grant Application Mechanism and Methodology

Grant applications and budgets are to be completed via the iGMS system.

Once the applicant has all the required information listed within this NOFO and is logged into the iGMS, applicants should

1. Click "View Opportunities" under the header "View Available Proposals";
2. Click on "Create New Proposal" underneath the "My Proposal" heading;
3. Navigate to the "Proposal Template" dropdown box and select the "2021 Local Training Support" or 2021 Specialty Training Support;
4. Navigate to the "Title" text box and enter a project title;
5. Click on "Create" button;
6. Proposal section of iGMS will appear.

 - d. Please identify the agency/agencies participating in this training.
 - i. This is a blank field for applicants to list all participating agency/agencies in the training funded by this project.
 - ii. Districts should put the area these trainings would benefit. For example: Marion and Johnson counties.
3. Project Milestones: Milestones are a critical point of achievement for applicants to demonstrate progress towards an objective or goal. In effect, these are mini-performance targets marking specific incremental progress that build up to achieving the overarching goal of the proposed project.
- i. This is a blank table for applicants to identify the proposed project's milestones.
 - 1. Applicants must describe the proposed project's milestones. Milestones are a critical point of achievement for applicants to demonstrate progress towards an objective or goal. In effect, these are mini-performance targets marking specific incremental progress that build up to achieving the overarching goal of the proposed project. Include expected dates of training to be delivered using milestones.

Budget Section

Applicants must include project expenditures in the budget section. Applicants are required to provide a clear and detailed explanation for each budget line item entry (i.e. a description of the item, how the item will be utilized and why the item is necessary for the project). The line items should directly correspond to the project.

Please click on "Proposal Funds" at the bottom of the proposal outline

1. An allocation will auto populate
2. Click on the "Budgeted" amount
 - a. Amount will be purple in color (\$0.00)

Applicants will then be able to complete the budget section within IGMS.

BUDGET

Applicants must include project expenditures in the budget section. Within each line item there is a "narrative field" where applicants are required to provide a clear and detailed explanation for each line-item entry (i.e. a description of the item, how the item will be utilized and why the item is necessary for the project). The line items should directly correspond to the project. If applicants need to adjust the budget after submitting, please contact Beth Clark at bclark@dhs.in.gov.

When creating line items within the budget, applicants should consider the following:

1. Are the budget items reasonable, necessary and allowable?
2. Are the proposed items eligible expenditures?
3. Is there enough justification to explain each line item?

To enter line items within the budget, follow the instructions below:

1. Navigate to the budget summary page
2. Click on the "Create New Item" button
3. Navigate to the "Description" text box
4. Enter the description of the item to be entered into the budget (i.e. Prop Repairs)
5. Navigate to the "Solution Area" – dropdown box – Select the option that best fits the line item
 - a. Course Delivery
 - b. Course Materials
6. Navigate to the "Category" dropdown box – Select the option that best fits the budget line item
 - a. Course Delivery
 - i. Lead Instructor
 - ii. Lead Evaluator
 - b. Course Materials
 - i. Books
 - ii. Consumables
 - iii. Equipment
 - iv. Props
7. Navigate to the "Discipline" dropdown box – Select the option that best fits the line item.
 - a. Fire Department
 - b. EMS Agency
 - c. Vocational School
 - d. District
8. Navigate to the "Amount" text box
9. Enter in the total amount of the line item
10. Navigate to the "Narrative" text box
11. Enter an explanation of what costs are included within the "Amount" text box Applicant should

provide a breakdown of aggregated costs

- a. For example, a line item is created for course materials. The explanation could be:
Costs of course materials to include purchase of 10 sheets of plywood to support live burn operations.
12. Click on the "Save" button to save the line item within the budget
13. If multiple items are being requested, create a new budget line item for each item being requested.

Submitting Application

1. Use the "Submit This Budget" link at the top of the page. This action will submit BOTH the proposal and the budget
 - a. The proposal/budget has only been submitted for review if the status changes from "initial" to "submitted"

If items listed in the budget are not allowable, funding may be reduced by that amount. The Fire and Public Safety Training Academy will not contact applicants for clarification. Any missing information within the budget may disqualify the item for funding. If applicants are unsure if an item is allowable, please contact the Fire and Public Safety Training Academy at bclark@dhs.in.gov for clarification.

APPENDIX B: REQUIRED REGISTRATIONS

Supplier Registration with the State of Indiana

Applicants must be an active supplier in good standing with the state of Indiana. To register as a supplier with the state, please visit the state of Indiana Auditor's website at: <http://www.in.gov/auditor/2340.htm> and complete the **W-9 Form** and **Automated Direct Deposit Authorization Agreement SF# 47551**. Applicants must use the IRS legal name of the entity on these forms.

Please send the completed forms to Beth Clark at bclark@dhs.in.gov with the subject "**Supplier Number Application for [insert your applicant name here]**."

Once received, the forms will then be given to the IDHS Finance Section to ensure a timely registration. Please plan accordingly and allow for a minimum of ten (10) days for this registration process to be completed once forms have been submitted. IDHS must relay this information to the Auditor's office for processing and does not have control over the speed at which the supplier form is processed. A high volume of requests to the Auditor's office will sometimes delay this process more than two weeks.

Applicants who are unsure if a supplier number has already been registered for their agency should contact Beth Clark at bclark@dhs.in.gov for verification. **A supplier can only have one supplier number because the supplier number is linked to a supplier's federal tax ID (FEIN).** In order to verify the supplier information on file with the state, IDHS will need to have the correct FEIN.

Bidder Registration with the State of Indiana

The state of Indiana requires all entities that receive funds from the state to be registered as a bidder. **An applicant can begin the bidder registration process while a supplier number is being processed.** There is no cost to become a registered bidder and the process takes approximately twenty minutes to complete.

To become a registered bidder, applicants must go to this link: <http://www.in.gov/idoa/2464.htm>. After clicking on the link, click on the "Create New Bidder Profile" tab to start the registration process.

The state of Indiana will run a nightly batch process that will link your supplier number to your bidder registration number, but this process will not be run if your bidder registration is not fully completed. You will not be able to receive any funding if these two numbers are not synced.

If these processes have already been completed, the requirement has been met. Applicants should not duplicate the processes. Please keep in mind that until these processes are complete, a grant application will not be accepted.

APPENDIX C: FY2021 Local Training Support: New iGMS user

FY2021 Local Training Support: New iGMS user

Complete the New iGMS user form and return via to Indiana Fire and Public Safety Training Academy Financial Officer Beth Clark, bclark@dhs.in.gov.

Applicant Information	
1. Legal name of applicant	
2. Point of contact for the grant	
3. Point of contact's email address	
4. Point of contact's telephone number	

- Please enter "FY2021 LTS: New iGMS user" into the subject line of the email, when sending the New iGMS User form to Indiana Fire and Public Safety Training Academy Financial Officer Beth Clark, bclark@dhs.in.gov.
- After applicants receive notification that an account has been established in iGMS, all contact information must be entered. The "Contact Info" tab can be located at the top of the iGMS dashboard, to the left of the "Logout" tab, and is in green font. **iGMS will not permit users to submit grant applications until user information has been entered within the "Contact Info" tab.**
- Please contact Indiana Fire and Public Safety Training Academy Financial Officer Beth Clark, bclark@dhs.in.gov, if an incorrect email address (or no email address) is visible within the "Contact Info" tab.
