An amount of \$124,869.87 is unrestricted, meaning the City Council can use it for any appropriation. The remaining projected monies net of fees, are restricted which can only be used for specific opioid abatement programs. This results in approximately \$11,000.00 per year. Attorney Gray stated if we join the county with the Collaboration option with our money, we could possibly get more than our \$11,000.00 per year, or additional funds. We may not receive any. Councilor Price asked if there are stats on Bargersville and Franklin's for their runs. Fire Chief Josh Snyder stated, they have a program started over a year ago, implementing when they go on their overdose runs, they offer them the information that Betsy Burkhart has set up through the Crisis Intervention Team. They can get help right away. The county is striving to get more people to join. They only have one paramedic, one person from rehab and one of the County Health Department's staff. They need the whole county to get involved. This would help with all of these calls that come through at all hours of the day and night. Everyone in Johnson County is on board with this collaboration except for Greenwood stated by Attorney Gray.
