

CITY OF FRANKLIN

DEPARTMENT OF PLANNING & ECONOMIC DEVELOPMENT

Memorandum

To:

City of Franklin Economic Development Commission

From:

Krista Linke, Director of Planning & Economic Development

Date:

March 8, 2012

Re:

Case C 2012-18 Premium Composite Technology North America (PCTNA)

Summary:

1. On April 20th, 2009, the Franklin Common Council passed Resolution No. 2009-02, approving a 10-year tax abatement on real property with a 2% Economic Development Fee and a 10-year tax abatement on personal property with a 5% Economic Development Fee at 2101 Commerce Parkway (formerly Musicland Drive).

2. Actual and estimated benefits, as projected for 2011:

	Estimated on SB-1	Actual in 2011	Difference
New Employees	37	21	-16
Salaries	\$2,100,000	\$981,079	-\$1,118,921
Average Hourly Salaries	\$27.29	\$22.46	-\$4.83
Real Property Improvements	\$5,350,000	\$6,880,885	\$1,530,885
Personal Property Improvements	\$8,630,000	\$3,743,969	-\$4,886,031

- 3. The company indicated they would hire all 37 new employees by the end of 2010. There were 10 employees at the end of 2010 and they have increased to 21 employees by the end of 2011.
- 4. They also do not meet the estimated average hourly salary.
- 5. The company has exceeded their estimate provided on their SB-1 Form for real property.
- 6. The company indicated in their original application that they would make a \$1,600,000 personal property investment in 2011. This did not occur and the company is requesting an amended completion date on their SB-1 Form to March 31, 2013. A recommendation will need to be made to the City Council. Representatives from the company will be present at the March 13th EDC meeting as well as the March 19th City Council Meeting. They have also submitted a written letter of explanation.
- 7. The tax abatements for PCTNA are scheduled to expire in tax year 2019 payable 2020. The final compliance review will take place in 2020.

Staff Recommendation: Approval

Premium Composite Technology North America, Inc.

2101 Commerce Parkway Franklin, IN 46131

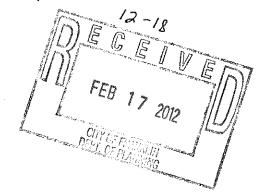

February 17, 2012

Mrs. Krista Linke, Director

Department of Planning & Economic Development

70 E. Monroe Street

Franklin, IN 46131

Re: Tax Abatement Compliance for Premium Composite Technology NA

Dear Mrs. Linke:

Enclosed please find Form CF-1 (Compliance with Statement of Benefits) regarding compliance with the real and personal property tax abatements granted to Premium Composite Technology North America, Inc. in 2009 under Franklin Common Council Resolution 2009-02.

Premium Composite Technology NA is continuing to move toward our goals set in our original proposal. Our employees have increased from 10 at the end of December 2010 to 21 in December 2011. During 2011, we placed in service our second production line and plan to place in service two additional lines in 2012. In 2011 our customers were faced with several disasters which has delayed our production schedule; the tsunami in Japan in early 2011 and flooding in Thailand later in 2011. Both of these events have created shortages in raw materials as well as slower production at the end users of our products.

Enclosed are the documents for your review. We look forward to sitting down with you and reviewing this data. Please let us know if you have any questions or concerns regarding our progress toward our meeting the proposed levels of capital spending or employment.

Respectfully,

Kazushi Takahashi, President

COMPLIANCE WITH STATEMENT OF BENEFITS REAL ESTATE IMPROVEMENTS

State Form 51766 (R2 / 1-07)

Prescribed by the Department of Local Government Finance

20 11 PAY 20 12

FORM CF-1 / Real Property

PRIVACY NOTICE

The cost and any specific individual's salary information is confidential; the balance of the filing is public record per IC 6-1.1-12.1-5.1 (c) and (d).

This	s statement is being completed for real property that qualifies under the following Indiana Code (check one box)
	Redevelopment or rehabilitation of real estate improvements (IC 6-1.1-12.1-4)

☐ Eligible vacant building (IC 6-1.1-12.1-4.8)

INSTRUCTIONS:

- 1. This form does not apply to property located in a residentially distressed area. (IC 6-1.1-12.1-2 (b))
- Property owners must file this form with the County Auditor and the Designating Body for their review regarding the compliance of the project with the Statement of Benefits (SB-1 / Real Property).
- 3. This form must accompany the initial deduction application that is filed with the County Auditor.
- 4. Property owners whose Statement of Benefits was approved after June 30, 1991, must file an updated form with the County Auditor and the local Designating Body to show the extent to which there has been compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.1)
- 5. The updated form must be filed annually by May 15, or by the due date for the real property owner's personal property return that is filed in the township where the project is located, whichever is later. (IC 6-1.1-12.1-5.1 (b))
- 6. With the approval of the Designating Body, compliance information for multiple projects may be consolidated on one (1) compliance form (CF-1 / Real Property).

PRIVACY NOTICE

The cost and any specific individual's salary information is confidential; the balance of the filing is public record per IC 6-1.1-12.1-5.1 (c) and (d).

INSTRUCTIONS:

- 1. This statement must be submitted to the body designating the Economic Revitalization Area prior to the public hearing if the designating body requires information from the applicant in making its decision about whether to designate an Economic Revitalization Area. Otherwise this statement must be submitted to the designating body BEFORE a person installs the new manufacturing equipment and/or research and development equipment, and/or logistical distribution equipment and/or information technology equipment for which the person wishes to claim a deduction. "Projects" planned or committed to after July 1, 1987, and areas designated after July 1, 1987, require a STATEMENT OF BENEFITS. (IC 6-1.1-12.1)
- Approval of the designating body (City Council, Town Board, County Council, etc.) must be obtained prior to installation of the new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment, BEFORE a deduction may be approved
- 3. To obtain a deduction, a person must file a certified deduction schedule with the person's personal property return on a certified deduction schedule (Form 103-ERA) with the township assessor of the township where the property is situated or with the county assessor if there is no township assessor for the township. The 103-ERA must be filed between March 1 and May 15 of the assessment year in which new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment is installed and fully functional, unless a filing extension has been obtained. A person who obtains a filing extension must file the form between March 1 and the extended due date of that year.
- 4. Property owners whose Statement of Benefits was approved after June 30, 1991, must submit Form CF-1 / PP annually to show compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.6)
- 5. The schedules established under IC 6-1.1-12.1-4.5(d) and (e) apply to equipment installed after March 1, 2001, unless an alternative deduction schedule is adopted by the designating body (IC 6-1.1-12.1-17).

Deficiency Statement

Capital Investments

On the documents, it appears that the investment in Machinery and Equipment is less than the planned total. At December 31, 2011 our Personal Property investment of installed equipment is \$3.7 million compared to the \$8.6 million we had proposed. We have purchased \$4.2 million of additional equipment that is not yet placed in service. We are also planning to add \$0.2 million in additional Machinery and Equipment. All of this will be in service by the 4th quarter 2012.

Our Real Property investment at December 31, 2011 was \$6.9 million compared to our proposed investment of \$5.4 million.

Jobs

The actual number of jobs is less than the proposed number of jobs at December 31, 2011. Hiring did not happen largely due to the tsunami and its affect upon our customer base. Premium Composite has increased the number of employees during 2011 from 10 to 21. An additional 4 employees are planned to be added sometime after mid-year.

Premium Composite Technology is committed to meet or exceed our proposed goals and we request that the City of Franklin extend us time to be in full compliance with our tax abatement commitments.
