### CITY OF FRANKLIN, INDIANA

### **RESOLUTION NUMBER 2013-10**

# A RESOLUTION GRANTING TAX ABATEMENT FOR MITSUBISHI HEAVY INDUSTRIES CLIMATE CONTROL (EDC 2013-04)

WHEREAS, the economic growth and development of the City of Franklin, Johnson County, Indiana is the primary goal of the community;

WHEREAS, the Franklin Economic Development Commission has on March 12<sup>th</sup>, 2013, held a public meeting and considered the tax abatement request of Mitsubishi Heavy Industries Climate Control in a manner consistent with the City of Franklin Community Investment Incentives Summary and the applicable sections of the Indiana Code.

WHEREAS, the Franklin Economic Development Commission has made the findings required by IC 6-1.1-12.1-3 and IC 6-1.1-12.1-4.5 the Franklin Economic Development Commission recommends that Mitsubishi Heavy Industries Climate Control receive a 7 year tax abatement with a 5% Economic Development Fee on personal property located at the property described in "Exhibit A" and the manufacturing project described in the tax abatement request;

WHEREAS, a copy of the Statement of Benefits recommended for approval by the Franklin Economic Development Commission is attached hereto as "Exhibit B;"

WHEREAS, the said real estate as described in "Exhibit A" is located in an existing Economic Revitalization Area as approved by the City of Franklin Common Council with City Council Resolution Number 2008-02 and confirmed by Resolution Number 2008-08;

WHEREAS, the Common Council has received and reviewed "Exhibit B," with all attachments, and that such attachments are made a part hereof and incorporated herein, all which together contain the necessary statements of benefits, letter of application, and description of manufacturing equipment which are involved, along with the recommendation for tax abatement for personal property; and

WHEREAS, the Common Council has given careful consideration to the materials submitted and affirms the findings of the Franklin Economic Development Commission relative to the requirements of IC 6-1.1-12.1-3 and IC 6-1.1-12.1-4.5, and specifically including the following findings:

As to personal property the following findings are made:

- The estimate of the cost of new manufacturing equipment is reasonable for equipment of that type;
- The estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the installation of the new manufacturing equipment;
- 3) The estimate of the annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the installation of the new equipment;
- 4) Any other benefits about which information was requested are benefits that can be reasonably expected to result from the installation of the new manufacturing equipment; and

5) The totality of the benefits is sufficient to justify the tax abatement.

### NOW THEREFORE BE IT RESOLVED THAT:

- (1) The abatement of personal property tax shall extend for a period of \_\_\_\_\_ years, pursuant to the deduction schedule set forth in IC 6-1.1-12.1-4.5(e)(6).
- (2) Mitsubishi Heavy Industries Climate Control shall be required to provide the City of Franklin with information showing the extent to which there has been compliance with the statement of benefits submitted in their request for tax abatement within sixty (60) days after the end of each year in which the deduction is applicable, all as required by IC 6-1.1-12.1-5.1 and IC 6-1.1-12.1-5.6.
- (3) A copy of this resolution and a description of the affected area will be available and can be inspected in the office of the Johnson County Assessor and the City Clerk/Treasurer.

### INSTRUCTIONS:

- 1. This statement must be submitted to the body designating the Economic Revitalization Area prior to the public hearing if the designating body requires information from the applicant in making its decision about whether to designate an Economic Revitalization Area. Otherwise this statement must be submitted to the designating body BEFORE a person installs the new manufacturing equipment and/or research and development equipment, and/or logistical distribution equipment and/or information technology equipment for which the person wishes to claim a deduction. "Projects" planned or committed to after July 1, 1987, and areas designated after July 1, 1987, require a STATEMENT OF BENEFITS. (IC 6-1.1-12.1)
- Approval of the designating body (City Council, Town Board, County Council, etc.) must be obtained prior to installation of the new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment, BEFORE a deduction may be approved
- 3. To obtain a deduction, a person must file a certified deduction schedule with the person's personal property return on a certified deduction schedule (Form 103-ERA) with the township assessor of the township where the property is situated. The 103-ERA must be filed between March 1 and May 15 of the assessment year in which new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment is installed and fully functional, unless a filing extension has been obtained. A person who obtains a filing extension must file the form between March 1 and the extended due date of that year.
- Property owners whose Statement of Benefits was approved after June 30, 1991, must submit Form CF-1 / PP annually to show compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.6)
- The schedules established under IC 6-1.1-12.1-4.5(d) and (e) apply to equipment installed after Merch 1, 2001. For equipment installed prior to Merch 2, 2001, the schedules and statutes in effect at the time shall continue to apply. (IC 6-1.1-12.1-4.5(f) and (g))

Re: Case EDC 2013-04 – Mitsubishi Heavy Industries Climate Control, Inc.

Case EDC 2013-04 — Mitsubishi Heavy Industries Climate Control, Inc.: A request for a 10-year tax abatement on \$1,851,351 of personal property investment.

Location: 1200 N. Mitsubishi Parkway

### Summary:

### 1. Characteristics of this location:

Existing Location - 1200 North Mitsubishi Parkway

### Characteristics of this petitioner:

Mitsubishi Heavy Industries Climate Control, Inc. (MCC), is a wholly owned subsidiary of Mitsubishi Heavy Industries, Ltd. (MHI), Tokyo, Japan. MCC has facilities in Sterling Heights, Michigan and headquarters located at 1200 N. Mitsubishi Parkway, in Franklin, Indiana. The Franklin location includes a manufacturing facility and climatic wind tunnel facility, in addition to the administration headquarters offices. MCC manufactures and supplies automotive heating and air conditioning systems to various automobile manufacturers, including Mitsubishi Motors, General Motors and Ford. The Franklin facility machines metal parts for and assembles, automotive (scroll type) air conditioner compressors. There are currently 219 employees at the MCC Franklin facility. These employees are handling headquarters administrative functions, test functions, machining compressor parts, assembling the car air conditioning compressors, warehousing parts and shipping finished product.

Mitsubishi has the following current tax abatements at this location:

Resolution 2008-02: 7 year personal property

Resolution 2010-10: 10 year personal property and 10 year real property

Resolution 2012-10: 7 year personal property Resolution 2013-06: 10 year real property Resolution 2013-07: 10 year personal property

### 2. Characteristics of this project:

MCC has been fortunate in their pursuit of new business and now has the need to add additional machining capacity. They would like to get this project going during the third quarter of 2013 with the purchase and installation of six scroll finishing machines at a cost of \$1,851,351. This investment will create the need for 3 additional factory jobs with an average hourly rate of \$15.41.

### Economic Revitalization Area (ERA):

This property was designated an ERA by Resolution 2008-02 and confirmed by Resolution 2008-08.

### 3. ERA & Tax Abatements Findings (Personal Property):

Indiana Code Section 6-1.1-12.1-4.5 states that the following findings must be made when considering an ERA designation and the granting of tax abatement for personal property:

- a. Whether the estimate of the cost of new manufacturing equipment is reasonable for equipment of that type;
- Whether the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the instillation of new manufacturing equipment;
- Whether the estimate of annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the installation of the new manufacturing equipment;

EDC Case # 2013-04 Page 2

- d. Whether any other benefits about which information was requested are benefits that can be reasonably expected to result from the installation of the new manufacturing equipment; and
- e. Whether the totality of the benefits is sufficient to justify the tax abatement.

### 4. City of Franklin "Tax Abatement Policy" criteria:

The "Tax Abatement Policy" section of the City of Franklin Community Investment Incentives Summary states that the Economic Development Commission shall use certain criteria when considering a request for tax abatement. A comparison of those criteria and the proposed request follows:

- a. Diversification of Local Occupations: In the first quarter of 2012, there were 5 motor vehicle parts manufacturing establishments in Johnson County and 979 employees. The total number of jobs at the current site is 219. The company proposes 3 additional jobs by the end of the 2<sup>nd</sup> Quarter of 2014.
- b. Diversification of Local Manufacturing Employment: According to the U.S. Census Bureau, 2010 County Business Patterns, motor vehicle parts manufacturing makes up 24% of the manufacturing jobs in Johnson County. According to <a href="https://www.stats.indiana.edu">www.stats.indiana.edu</a>, there were 133 manufacturing establishments in Johnson County in the first quarter of 2012, and 5 motor vehicle parts manufacturing establishments.
- c. Increase in Local Salaries: The average wage for all industries in Johnson County for the first quarter of 2011 was \$14.98. The average hourly wage in Johnson County for manufacturing in the first quarter of 2011 was \$24.00 per hour. The average hourly wage (without benefits) for the 3 new jobs with MCCA is \$15.41. The average hourly wage for the 219 jobs being retained is \$18.51.
- d. Sustainable Land Use: The petitioner proposes to make this investment at their current location.
- e. Future Community Investment: The company has indicated on their applications that they are agreeable to a 5% Economic Development Fee on Personal Property.
- f. Conformance with the Comprehensive Plan: The Comprehensive Plan Future Land Use Plan identifies this property as Manufacturing. Manufacturing areas are intended to accommodate large scale businesses that produce finished products from raw materials. Uses in these areas may include product manufacturers as well as any related warehousing and offices. Manufacturing areas may include facilities that involve emissions or the outdoor storage of materials and finished products. These two factors are the primary distinction between manufacturing areas and light industrial areas.

The property is zoned IG, Industrial: General. The "IG," Industrial: General zoning district is intended to provide locations for general industrial manufacturing, production, assembly, warehousing, research and development facilities, and similar land uses. This district is intended to accommodate a variety of industrial uses in locations and under conditions that minimize land use conflicts. This district should be used to support industrial retention and expansion in Franklin.

### 5. Tax Abatement Duration:

The City of Franklin Community Investment Incentives Summary provides that longer periods of

EDC Case # 2013-04 Page 3

abatement on real and personal property may be considered for requests of an exceptional nature. The Summary states that development examples of an exceptional nature include projects which:

- a. Create a new plant or product line for an existing manufacturer;
- b. Creates substantial employment opportunities with higher than average wages;
- c. Increase substantially property values and the city tax base with minimal impact to city services (police & fire protection, schools, utilities, infrastructure, etc.); and
- d. Utilize existing public infrastructure (sanitary & storm sewer, roads & streets, drainage facilities, and other utilities).

### 6. Tax Abatement Worksheet:

A copy of the Tax Abatement Worksheet from the *City of Franklin Community Investment Incentives*Summary is enclosed with the staff report. This document is recommended as an outline for considering and documenting these tax abatement requests for this meeting.

### 7. Requested Effective Year:

The petitioner has requested that, if approved, the tax abatement be effective for the tax year 2013, payable 2014.

RE: Tax Abatement Letter of Inducement for Mitsubishi Heavy Industries Climate Control, Inc. (MCC)

Dear Economic Development Commission Members:

This letter is being written on behalf of Mitsubishi Heavy Industries Climate Control, Inc. (MCC), a wholly owned subsidiary of Mitsubishi Heavy Industries, Ltd (MHI), Tokyo, Japan. MCC with facilities in Sterling Heights, Michigan has its Headquarters located at 1200 N. Mitsubishi Parkway, Franklin, Indiana. The Franklin location includes a manufacturing facility and climatic wind tunnel facility in addition to the administration headquarters offices. MCC manufactures and supplies automotive heating and air conditioning systems to various automobile manufacturers, including Mitsubishi Motors, General Motors and Ford. The Franklin facility machines metal parts for and assembles automotive (scroll type) air conditioner compressors. There are 219 employees currently employed at the MCC Franklin facility. These 219 employees are handling headquarters administrative functions, test functions, machining compressor parts, assembling the car air conditioning compressors, warehousing parts and shipping finished product.

MCC has been fortunate in our pursuit of new business and we now have the need to add additional machining capacity in our Machining Department. We would like to get this project going during the third quarter 2013 with the purchase and installation of six scroll finishing machines at a cost of \$1,851,351.00. This investment will create the need for 3 additional factory jobs with an average hourly rate of \$20.34 including benefits. For the above stated reasons, MCC respectfully requests that the Franklin Economic Development Commission gives a favorable recommendation to the Franklin City Council that tax abatements be granted for the period of ten (10) years on \$1,851,351.00 in personal property – the six additional scroll finishing machines. MCC further requests that the recommendation for the first year of tax abatement be for the first year that taxes are due on this investment.

Attached to this letter are all the required documents for requesting a tax abatement. If the Commission requires any additional information, please advise our office of the same, and the necessary information will be provided.

MCC anticipates continuing a long and mutually beneficial association with the City of Franklin and appreciates and is grateful for all the help, past incentives and consideration that the city has given us. With this investment, MCC will continue to secure the future of our Franklin facility and we look forward to continuing as an active responsible part of the community. Thank you for your continued support.

Respectfully,

**Bob Francis**
