

NEW! BIKE REPAIR STATIONS

Bike Repair Stations have recently been added across the City of Franklin to ensure bicycle safety. These stations provide residents and visitors tools in order to air up a flat tire on one of our trails, or adjust the brakes and/or derailleurs. The Bike Repair Stations also provide hanger arms to rest a bicycle on while fixing a tire or doing maintenance.

Stations are located on the southwest corner of Main Street and Madison Street, Blue Heron Park, Needham Elementary, and the Cultural Arts & Recreation Center.
