2.1 **Conditions Precedent to Developer Obligations.** MSD shall have one hundred twenty (120) days (the “Due Diligence Period”) to examine the Property and determine technical and economic feasibility of the Project. During the Due Diligence Period, Purchaser may (a) conduct due diligence studies including such physical inspections and other tests, (b) obtain information, analysis, proposals and contracts from contractors, architects, consultants and other experts, examinations, studies, title and survey reviews and appraisals of the Property as Purchaser shall deem necessary, (c) collect further information on Project schedule and costs, and construction requirements and timing, and other information as needed, including without limitation the preparation of architectural, engineering and construction plans, including mechanical, plumbing, electric and HVAC plans satisfactory to Developer, (d) pursue any type of zoning, site plan approvals and permits as may be required for Purchaser to utilize the Property for the Project, (e) acquire leases, operating agreements or other commitments pertaining to operation of the tenant spaces; and (f) determine overall economic feasibility of the Project in MSD’s exclusive discretion. As owner of the Property, the RDC shall provide MSD
reasonable access to the Property in order for Purchaser to exercise inspection rights or to complete due diligence activities. MSD may in its sole discretion and for any reason determine that the Project is not feasible or that MSD no longer desires to proceed with the Project and terminate the EDA without liability or penalty at any time prior to the conclusion of the Due Diligence Period.

2.2. Exclusivity of Dealing. During the Due Diligence Period and any extensions, the RDC and FDC will deal exclusively with the Developer relative to the Property, and will not solicit, accept, or consider other proposals.

2.3. Extension of Due Diligence Period. MSD shall have the option and right to extend the Due Diligence Period past 120 days for an initial extension period of sixty (60) days provided the Plan Packet has been submitted to the Review Panel, and a second extension period of sixty (60) days, provided Construction Plans have been submitted for state building permit approval.

2.4. Plan Packet. Within sixty (60) days of the Effective Date, the Developer shall submit its proposed Building Plan, Construction Schedule, Construction Budget, and Sources and Uses Statement (all of which constitute the “Plan Packet”) to the Review Panel for review and approval. The Review Panel shall, after consultation with the Developer, provide notice of its approval or disapproval of the Building Plan within ten (10) calendar days after receipt of the Plan Packet from the Developer. The Construction Schedule, Construction Budget and Sources and Uses statement are for review and discussion only, and do not require approval by the Review Panel. The Review Panel may exercise reasonable discretion in approving or disapproving the Building Plan, consistent with this Agreement and building permit and zoning requirements. If the Review Panel disapproves of the Building Plan, the Developer and the Review Panel shall meet to discuss the Review Panel’s concerns and options for modifying the Building Plan to make it acceptable to the Review Panel. If the Review Panel’s requested changes increase the costs of the Project by more than Three Thousand Dollars ($3,000.00), the FDC and/or RDC agree to work in good faith to resolve the issue, including giving consideration to requesting additional funding from the RDC.

2.5. Conduct of the Review Panel. Any Building Plan Change Request submitted by the Developer shall be reviewed by the Review Panel, which may utilize the services of architects, engineers, and other persons possessing design expertise and experience in evaluating the Plan Packet and any Building Plan Change Request. No presumption of any conflict of interest or impropriety shall be drawn or assumed by virtue of the fact that any of such consultants are affiliated with the RDC or FDC.

2.6. The Developer and Review Panel will work together to refine the Building Plan, and if modifications to this Agreement are required, will advise the FDC and RDC of same, and cooperate in their efforts to reach a mutually agreeable modification of this Agreement.

2.7. Unless otherwise mutually agreed, the Building Plan shall be completed, reviewed, and approved before the end of ninety (90) days after the Effective Date, and if not, either party may terminate this Agreement.

2.8. Upon approval of the Building Plan by the Review Panel, the Building Plan will be deemed the Approved Plans (as hereinafter defined).
2.9. Plan Changes. If the Developer desires to make any material change to the Building Plan, then it shall submit a “Plan Change Request” to the Review Panel for review and approval. For purposes of this paragraph, a “material change” shall mean any change that substantially deviates from the approved Site Plan, approved building elevations, or approved landscaping plan, or that clearly alters the aesthetic appearance of the Project, or that clearly reduces the quality of the materials used on the Building Plan, which shall be determined in the reasonable discretion of the Review Panel. Within ten (10) calendar days after the receiving a Plan Change Request, the Review Panel shall deliver to the Developer written notice that it approves or rejects the Plan Change Request; provided that: (i) the Review Panel shall not withhold its approval unreasonably; and (ii) if the Review Panel rejects all or any part of the Plan Change Request, then such notice shall: (A) specify the part or parts that the Review Panel is rejecting; and (B) include the specific basis for such rejection. If the Review Panel approves a Plan Change Request, then the Review Panel and the Developer shall execute a Plan Change. The Review Panel’s failure to timely approve or disapprove of any Plan Change Request shall be deemed an approval so long as such request(s) for approval expressly note(s) the Review Panel’s time for response therein and that failure to timely respond is deemed approval. If not cured after written notice and reasonable opportunity during the term of this Agreement, material changes to the Approved Plans that are not identified in a Plan Change approved by the Review Panel, may be deemed by the Review Panel to be a breach hereunder.

2.10. No Representations. Neither the RDC nor the FDC, nor any officer, employee, contractor, or agent thereof, shall be responsible in any way for any defects in the Approved Plans, or for any defects in any work done according thereto. Further, neither the RDC nor FDC makes, and shall not be deemed by virtue of any action of approval or disapproval taken by either to have made, any representation or warranty as to the suitability or advisability of the Approved Plans or their compliance with any Laws.

2.11. Required Permits. The Developer acknowledges that this Plan Refinement Process is in addition to, and not in lieu of, any plan review or Required Permits required under applicable Laws, and it shall not be deemed a warranty or representation of any kind by the RDC or FDC that the Approved Plans comply with, or are approved under, applicable Laws. The Developer acknowledges that RDC and FDC cannot (and do not) guarantee that the Developer will be able to obtain the Required Permits. Any changes sought by the Review Panel will be consistent with specifications to obtain Required Permits, and the Review Panel shall approve reasonable Plan Change Requests as needed to reflect any changes needed to obtain permits.

2.12. Information. Within thirty days of the Effective Date, all information relevant to the Property will be shared by the RDC with MSD about the Property, (to the extent such information is in the possession or control of the RDC), including any past title searches, easements, title insurance, recorded documents, surveys, plans, utility costs, environmental assessments, insurance or other information related to the Property.

3. Purchase of 55 West Madison Street, Franklin, Indiana. Subsequent to the approval of the Building Plan, and within thirty (30) days following the end of the Due Diligence Period or earlier, the Developer will purchase the Property from the RDC for the sum of One Dollar ($1.00), payable in cash at closing, subject to commercially reasonable terms and conditions, including an owner’s policy of title insurance in the amount of $160,000, with a rider providing additional coverage for the increasing value of the Property as the Project ensues, said owner’s policy of title insurance
provided at the RDC’s expense, with the cost of the rider to be at the developer’s expense. The parties agree to execute within ninety (90) days of the Effective Date a separate Closing Agreement as defined below as necessary to accomplish the closing.

3.1 Closing. A Closing Date will be agreed by the Parties to occur not later than thirty (30) days from the end of the Due Diligence Period. At Closing, the RDC shall convey title, including all rights, privileges and easements appurtenant to the Land, including all rights, rights-of-way, roadways, roadbeds, and reversions or other appurtenances used in connection with the Land (the “Appurtenant Rights”). The conveyance shall include the real estate and all fixtures, and all personal property or detached fixtures remaining on or associated with the Property, (including without limitation parts to the boiler or steam systems, detached trim or panels, detached plumbing, light or other fixtures, detached fin covers and elements of the heat system, and all other personal property, equipment, items, or elements from, currently at, or related to the building).

3.2 No Broker. Seller and Purchaser represent and warrant to each other that no brokerage fees or real estate commissions are or shall be due or owing in connection with this transaction or in any way.

3.3 Closing Agreement. Within ninety (90) days of the Effective Date of the EDA, the RDC and MSD will enter a Closing Agreement more fully detailing the process, terms, and timing of title conveyance. If Franklin Common Council approval for the conveyance of the Property is determined by any Party to be needed or advisable, the Parties shall pursue such approval with reasonable promptness, and prior to the end of the Due Diligence period. The Closing Agreement will further specify the timing and process.

3.4 Warranties & Representations. The Closing Agreement will contain customary warranties and representations of the Parties, as to due legal authority, binding effect, organization, and lawful existence, and any other terms as may be agreed.

3.5 Mortgage in Favor of RDC. To secure the RDC’s investment in the project (including the value of the real property and improvements as of the Closing, plus the additional TIF Incentive discussed below), the Developer (or Developer’s Affiliate Entity if applicable) will grant at Closing a mortgage (the substantially complete form of which is attached as Exhibit D) in favor of the RDC to secure the Developer’s performance under the terms of this Agreement and the RDC’s investment in same. The RDC agrees to subordinate this mortgage to Developer’s other secured lenders in the event additional funding is required for the project.

4. Escrow Account. At the Closing of the RDC’s sale of the Property to the Developer, the Developer (with its own funds) and the FDC (with the TIF Incentives granted to it by the RDC, discussed below) shall each deposit Three Hundred Thousand Dollars ($300,000.00) (the “Escrowed Funds”) into an interest bearing escrow account, which may be invested only in secure investments approved by both the FDC and the Developer, to be held by Mutual Savings Bank (the “Escrow Agent”), pursuant to a mutually agreeable escrow and control agreement (the substantially complete form of which is attached as Exhibit E) to be executed by the FDC, the Developer, and Mutual Savings Bank at Closing.
4.1. Security Interest in Escrow Account. In order to secure the parties’ financial obligations under the terms of this Agreement, the FDC and Developer grant and convey to each other a mutual security interest in the Escrow Account and Escrowed Funds in the amount of Three Hundred Thousand ($300,000) (the Secured Amount).

4.2. Disbursement of Funds. Subject to Section 4.3 below concerning the Completion Deadline, the Developer and FDC’s Escrowed Funds shall be disbursed only upon written approval by the FDC and the Developer equally, pari passu, from the FDC and Developer’s contributed escrowed funds, and upon satisfaction of the disbursement conditions below:

4.3. Disbursements from the Escrow Account shall only be for expenses incurred or paid for Eligible Expenditure consistent with the Approved Building Plan, unless otherwise approved by the FDC. Subject to the terms of this Agreement, disbursements may be made to the Developer as reimbursements for Eligible Expenditures paid by it or paid by an Affiliate Entity of Developer to third-party vendors. A list of Eligible Expenditures is attached as Exhibit B, and the FDC in its discretion may approve additional costs. Eligible Expenditures include costs incurred both before and after Closing.

4.3.1. To obtain the FDC’s approval for a disbursement of funds, the Developer shall submit to the FDC a written request for disbursement of funds accompanied by a copy of an invoice from a third-party vendor documenting the Eligible Expenditure eligible for payment or reimbursement and a payment request form (collectively, “Payment Request”), and the original Payment Request shall be delivered to the FDC in care of its President, the FDC’s Attorney, and the City’s Community Development Director. In the event the Payment Request is for a reimbursement to the Developer for Eligible Expenditures paid by it or paid by an Affiliate Entity of Developer to third-party vendors, the Payment Request shall include a copy of a cancelled check, receipt, or other evidence of such payment to the third-party vendor. A certification by the Developer of payment shall constitute evidence of payment for invoices under Ten Thousand Dollars ($10,000.00). The copies of the Payment Request may be delivered via email.

4.3.2. Each Payment Request from the Developer is subject to the reasonable review and approval of the FDC and must include a certified statement from the Developer that the Eligible Expenditure was incurred for the redevelopment and revitalization of the Property, that the amount requested to be paid for the Eligible Expenditure is believed reasonable for the goods and/or services provided, that the goods or services referenced in the Payment Request have been received by the Developer, and that no part of the Payment Request was included in any prior Payment Request.

4.3.3. As part of each Payment Request by a general contractor after the first Payment Request, the Developer shall also provide executed lien waivers from the general contractor that issued the invoices included in the prior Payment Request, evidencing that such prior invoices have been paid. Lien waivers will not be required if (a) Developer utilizes a no lien contract for the Project, or (b) if the vendor or contractor has no lien rights, or (c) the amount of the cost or invoice is under ten thousand dollars ($10,000). [The FDC and Developer will establish a procedure for processing partial payments and/or handling a dispute with a contractor.]
4.3.4. The FDC or its representative may inspect the Property to sufficiently confirm the accuracy of the statements and representations made in connection with the Payment Request.

4.3.5. No Event of Default shall have occurred and remain uncured under this Agreement.

4.3.6. Limit on Frequency of Payment Requests. Unless otherwise agreed to by the FDC, Payment Requests shall be reviewed and approved once a month in accordance with the FDC’s normal monthly claims approval process. Provided a proper Payment Request is executed and delivered at least seven days prior to the FDC’s regular monthly meeting, the FDC will consider the Payment Request at such regular monthly meeting.

4.3.7. The capital spending by Developer will first be allocated toward items such as interior building improvements which fall within the definition of “qualified improvement property” for bonus depreciation purposes, and to interior building improvements and architect and engineering costs that are within the definition of “qualified rehabilitation expenses” as defined for historic tax credits, and expenses of kitchen and restaurant equipment, and to ADA access improvements. The grant assistance paid by the FDC shall be first allocated toward costs of the exterior improvements, site preparation, building enlargement, mechanicals related to the kitchen and building enlargement, exterior mechanical components, roof and related costs. These allocations do not change the funding amounts or terms of this Agreement, and the Parties agree that Developer may allocate specific categories of costs within those limits.

4.4. Completion Deadline. Notwithstanding any other provision of this Agreement to the contrary, in the event any Escrowed Funds remain unexpended on the Completion Deadline, such remaining Escrowed Funds shall be immediately disbursed by the Escrow Agent jointly to the FDC and the Developer, and upon such final disbursement, the Escrow Agent is absolved of further responsibility. The FDC shall have no claim or right to any remaining Escrowed Funds deposited by MSD unless and only to the extent the FDC has actual damages from a breach by Developer. MSD shall have no claim or right to any remaining Escrowed Funds deposited by the FDC unless and only to the extent the MSD has actual damages from a breach by the RDC or the FDC.

5. TIF Incentive. In exchange for the Developer agreeing to expeditiously pursue and complete the Project, and in consideration of the benefits to the Area and the City of Franklin, and the terms and conditions of this Agreement, the RDC agrees to grant Three Hundred Thousand Dollars ($300,000.00) (the “TIF Incentive”) to the FDC for it to deposit into the Escrow Account discussed above and expend on Eligible Expenditures. The FDC agrees to expend the TIF Incentive for the Project expenses consistent with this Agreement. The FDC’s expenditure of the grant will follow the disbursement procedure described above in Paragraph 4.2.

6. Good Faith Purchasing Commitment. The Developer agrees to make commercially reasonable efforts to purchase supplies and materials from or make bidding opportunities available to qualified, price-competitive suppliers located or residing in the City of Franklin.
7. **Compliance Report.** The Developer agrees to file a written Annual Report ("Annual Report") with the FDC for each of the fiscal years ending during the term of this Agreement (the "Reporting Year").

7.1.1. The amount the Developer has expended to date on the Project.

7.1.2. The assessed value increase generated by the Project.

7.1.3. The real property taxes and assessments paid and attributable to the Property in the Reporting Year, along with a copy of the tax bill.

7.1.4. A list of the Tenants occupying the Property, the total rentable square footage within the Property, and the percentage of the rentable square footage that was leased during the Reporting Year.

7.1.5. To the extent reasonably obtainable, the number of full-time equivalent employees employed on the Property on the Effective Date of this Agreement, the number of full-time equivalent employees employed on the Property at the end of the Reporting Year, and the difference between those numbers.

7.1.6. To the extent reasonably obtainable, the average hourly wage (with salaried positions converted to hourly wage) of the employees employed on the Property on the Effective Date of this Agreement and the average hourly wage (with salaried positions converted to hourly wage) of the employees employed on the Property at the end of the Reporting Year.

7.1.7. Whether any portion of the restaurant business operations has closed or been transferred to a location outside of Franklin, Indiana.

8. **Tax Abatements.** The Developer is permitted to seek to be exempt from personal property taxes that may be assessed relative to the Property as a result of personal property improvements made to the Property that are provided for outside of the terms of this Agreement. Further, the Developer is permitted to seek vacant building real estate property tax abatements from the City of Franklin’s Economic Development Commission and Common Council.
9. Representations and Warranties of Madison Street Development, LLC. The Developer represents and warrants to the RDC as follows:

9.1. It is duly organized and validly existing under the laws of the State of Indiana, and the Agreement is the legal, valid, and binding obligation and enforceable against it in accordance with its terms.

9.2. 9.3. It has received no notice of any action, suit, or proceeding at law or equity, or before or by any federal, state, local, or other governmental departments, commission, board, bureau, agency, or instrumentality, domestic or foreign, pending or threatened against it or its properties that, if determined adversely, would be a material adverse occurrence, and it is not in default with respect to any final judgment, writ, injunction, decree, rule, or regulation of any court or federal, state, local, or other governmental department, commission, board, bureau, agency, or instrumentality, domestic or foreign, that constitutes a material adverse occurrence.

10. Additional Duties of the Developer. The Developer agrees that until Final Completion, it shall:

10.1. Promptly pay and discharge all taxes, assessments and governmental charges which may be lawfully levied, assessed or imposed upon the Property, or upon the Developer’s income or profits, and all lawful and undisputed claims for labor, material and services which, if unpaid, might become a lien or charge against the Property. In the event of a good faith dispute as to a claim for labor, material or service, Developer retains its rights to withhold such payment and dispute the amount, and to provide the FDC with assurance of protection of the Property from a lien or charge against the Property.

10.2. Permit with reasonable notice any authorized representative of the FDC, including but not limited to its attorneys and inspectors, to enter upon and inspect and examine the Property at reasonable times during normal business hours utilizing safe construction area precautions.

10.3. Give prompt written notice to the FDC of any process or action taken or pending whereby a third-party is asserting a material claim against the Developer or any of its assets; and
10.4. Pay when due all liabilities, including trade accounts, in accordance with regular terms, except for claims contested in good faith by appropriate proceedings.

11. Representations, Warranties, and Covenants of the RDC and FDC.

11.1. The RDC and FDC represent and warrant, subject to all applicable legal requirements, as of the date hereof, that (i) they have the requisite power, right and legal authority to execute, deliver and perform their obligations under this Agreement and have taken all action necessary to authorize the execution, delivery, performance and observance of their obligations under this Agreement, and (ii) this Agreement, when executed and delivered by duly authorized representatives of the RDC and FDC, will constitute the legal, valid and binding obligation of the RDC and FDC, enforceable against the RDC and FDC in accordance with its terms.

11.2. The RDC and FDC covenant and agree to take or cause to be taken (and shall cooperate with the Developer to enable it to take or cause to be taken) all actions reasonably necessary under statutes, regulations and rules applicable to the Project, and to execute and deliver or cause to be executed and delivered such documents as may be reasonably necessary under such statutes, regulations and rules, to assist and permit the Developer to undertake and complete the Project.

12. Events of Default.

12.1. Any one (1) or more of the following which occur during the term of this Agreement and prior to Final Completion, and which are not cured after reasonable notice and opportunity to cure, shall constitute an “Event of Default” hereunder:

12.1.1. Dissolution, liquidation, or termination of the business of the Developer; assignment by the Developer for the benefit of its creditors; appointment of a receiver or a trustee for the Developer or any of their assets, which appointment is consented to or, if not consented to, is not removed or discharged within sixty (60) days after such appointment; or the filing by the Developer of a petition for relief under the United States Bankruptcy Code, which petition is consented to, or, if involuntary, remains un-dismissed for sixty (60) days after such filing; and

12.1.2. Material breach of a duty or obligation imposed by the terms of this agreement.

13.1. Upon an uncured Event of Default by MSD hereunder, the FDC may suspend its obligation to fund any further payments or approve any disbursements otherwise provided for hereunder.

13.2. Upon an uncured Event of Default by the RDC or FDC hereunder, MSD may suspend its obligation to perform under the terms of the parties’ agreement.

14. Mutual Assistance. The parties agree, subject to further proceedings required by law, to take such actions, including the execution and delivery of such documents, instruments, petitions and certifications (and, in the case of the RDC, the adoption of resolutions), copies of which will be provided to all parties, as may be necessary or appropriate, from time to time, to carry out the
terms, provisions and intent of this Agreement, and to aid and assist each other in carrying out said terms, provisions and intent.

15. **Submission of disagreements to mediation.** In the event the Parties disagree as to any material matter (such as but not limited to whether a default has occurred, whether one Party has a duty to act or a duty to refrain from acting, or whether an ambiguity exists as to the scope and terms of the Parties’ agreements), the dispute will be submitted to non-binding mediation under the Indiana rules of alternative dispute resolution.

16. **Breach:** Before any failure of any party of this Agreement to perform its obligations under this Agreement shall be deemed to be a breach or default of this Agreement, the party claiming such failure shall notify, in writing, the party alleged to have failed to perform such obligation and shall demand performance. No breach or default of this Agreement may be found to have occurred if performance has commenced to the reasonable satisfaction of the complaining party within thirty (30) days of the receipt of such notice. If after said notice, the breaching party fails to cure the breach, the non-breaching party may seek any remedy available at law or equity, subject however to compulsory non-binding mediation.

17. **Remedies and Boilerplate.** All remedies shall be reasonably tailored to alleviate actual damage, and not cause forfeiture of value nor a loss to one Party disproportionate to the amount required to remedy actual harm to the other Party. Protective boilerplate provisions will be interpreted to be bilateral.

18. **Satisfaction and Discharge.** Upon Final Completion, Developer’s obligations under this Agreement shall be fully satisfied and discharged. The Developer, the RDC and the FDC shall promptly execute a certificate of satisfaction and discharge and a release of the Mortgage at that time.

19. **Cumulative Rights and Remedies.** All rights and remedies of the Parties herein specified are cumulative and in addition to, and not in limitation of, any rights and remedies that the Parties may have pursuant to the Project Agreement, by law or in equity, or otherwise.

20. **Notices.** All notices required or permitted to be given hereunder shall be in writing and delivered either in person, by a nationally recognized overnight delivery carrier, or by certified mail, return receipt requested, with additional copy delivered by email, if such delivery information is known by the sender, to the parties at their respective addresses set forth below, or at such other address as notice of which may have been given to the other party.
